Fun begins too for students

The first week is over, and our basic routine is set. The original horror of going back to school has passed, and homework fills its place. However, no need to despair, the fun and special activities associated with school are already beginning.

The school year started off without a hitch, but we followed the same format as last year's first day, with the same negative response from the students timetable pickup directions. The system now used prevents the students from conferring with their friends about timetables until school is over, or they share a class. However, in time, this method will be the only one remembered.

Most classes were handed out forms and information sheets on the first or second day, including insurance forms. If you haven't received one, and wish to do so, call the school office or ask to have one brought home.

YEARBOOK PICTURES

On Friday, Sept. 30, a hoard of photographers will be found in our school gym, ready and willing to take your school picture for the 1983-84 yearbook, SAC cards, and for your family package, if you wish to purchase these items. The cost this year will be either \$7.50, \$8, or \$10 depending on what you choose. Colourful clothing is suggested for the best results, and you must pay when your picture is taken. If you don't like the photo, your money will be fully refunded.

Also on Sept. 30, the first school Sub-Pub will take place in the evening, probably around the 8 p.m. mark. A Sub-Pub is a record dance for juniors only (Gr. 9-11) and is a good opportunity for new and old students alike to meet and mingle, and make new friends. I will have more information for you on this next week.

FIRST ASSEMBLY

In the last week of September, you can look forward to the first assembly. It will be a general introduction to the school clubs and the school year.

If you are interested in buying a school ring this year, or you'd like to buy one as a Christmas present, the ring salesman will be in the school on Oct. 20 and 21. He will have all the rings on display, and will take your orders. Later order placement is possible, but will not guarantee delivery by Christmas time.

If there's any announcement or special event you'd like mentioned in this space, please feel free to contact me at school or leave a message in my front office mail box.

As a friendly closing word, just remember that the first school holiday is Friday Sept. 30. Until then, in the words of Gord Carpenter, have "some kinda fun!"
