COUNCIL CHAMBERS, MUNICIPAL OFFICES, BUTTONVILLE, ONTARIO  
8311 Woodbine Avenue, Markham, Ontario

A Public Meeting will be held by the Planning Committee of the Council of the Corporation of the Town of Markham to consider a proposed amendment to the South Markham Industrial Area Zoning By-law 108-81.

## IMAGINE A PLACE WHERE THESE RIGHTS ARE DENIED...

### 1. The Right to Free Speech

This basic democratic right is being denied many citizens who are unable by law to speak out on government policy, simply because the provincial government is their employer. Nobody, including government employees, should be silenced on the public issues of the day.

### 2. The Right to a Decent Society

Health care, quality education and a clean, safe environment for all - these are some of the elements that a decent society demands. Public service employees meet such demands, but the quality of service is threatened by irresponsible cutbacks. Some things are just too important to abandon.

### 3. The Right to a Secure Future

Every citizen has the right to plan for the future. This includes training for a career, learning new skills and planning for retirement. Public service employees want a say in these matters. But the government denies them the right to negotiate over many issues that can affect the quality of the services they provide.

### 4. The Right to Freedom of Association

Individuals in all sectors of society have the right to join the association of their choice. But thousands of public service employees are prohibited by their provincial government from joining any union. Those who are unionized have been denied the right to fair negotiation. We want to negotiate. But the government's response has been to further violate our rights.
