

Academic award

Nineteen-year-old Hillary Richardson, daughter of Mr and Mrs William Richardson, R.R. 1, Gormley, was the recipient of the Whitchurch-Stouffville Academic Award, when G.W. Williams Secondary School, Aurora, held its Commencement Exercises, Oct. 21. Hillary's top subject mark was 84% in English.

**High News
Writer
for paper**

By John Cook

Last week, when I learned I was to be Stouffville Dist. Secondary School's correspondent for The Tribune, I was so excited, I nearly burst.

I had to tell someone and who better to share the good news with than my dog. Later, however, I compromised and told my younger sister, thinking she'd share my elation. Instead, her response to my glad tidings was the exact opposite to what I'd expected and I quote:

"John, you are a tall, skinny, red-haired Grade 13 student with an average mark in English. I hardly think The Tribune wants a guy who holds up the bus every morning while he finishes his toast and jam. And don't think for a second the editor's going to stop the presses while you polish off the final copy of your column". It is therefore, with this "vote of confidence" I relate to you the events at S.D.S.S.

Cross-Country Team

On Thursday, the Cross-Country Team travelled to Horseshoe Valley, Barrie, for the Georgian Bay Finals. When participants arrived at school, there was no bus. There was talk among team members that Coach Connell had cancelled the service and intended instead to jog the distance as a warm-up. Later, the bus did arrive and the rumor was proved unfounded. The results are published in The Tribune's Sports Section this week.

Fill Out Questionnaire

During home-room period, Thursday, Mr Nikifork, our new principal, asked the students to fill out a questionnaire. He wants to know what two things we like about S.D.S.S. and any two things that can be done to improve the school. Unfortunately, I was sick, Thursday, and could not fill out the form. However, I feel it's a good indication of the genuine interest and concern our principal has for the students. I'll report later on the results.

Volleyball Teams Do Well

Both the Junior and Midget volleyball teams are doing well. The Midgets hosted a tournament at S.D.S.S., Thursday and placed second. The future looks good for this young club.

There's no doubt the Juniors would rank first over-all in York County if competition was on dress alone. The team, coached by Mike Rehill, looks sharp in its new jerseys. "Great", is the way one member described them. The "new look" has definitely affected the team's play on the court.

Editor's Mail

**Home Show
a success**

Dear Mr. Thomas:

The first Annual Markham Home Show is now history. In our view, it was an outstanding success with over 42,000 people passing through the gate.

Of greater importance, though, is that our exhibitors were very pleased with the business they generated from their participation. Over 80 per cent of those we interviewed over the course of the show expressed interest in returning next year and a high percentage requested additional space. Further, our waiting list of companies we could not accommodate this year, but who wish to participate next year, has expanded to over 100. This augurs well for the future.

A large part of the credit for our success is due to the supportive efforts you provided to us in our inaugural year. Thank you very much from all of us involved in the organization of the show.

Sincerely,
Bruce Patterson

Landmark

STOUFFVILLE — The firm of E.T.S. Towers Inc., of Hamilton has until June to complete work on the elevated water reservoir, Tenth Line North.

The contract price is \$685,063.00. The input for storage purposes will be controlled by the water level in the tank, a regional engineering official told The Tribune. The reservoir has a 750,000 gallon capacity.

As to whether the Town's name will be inscribed on the tower, the spokesman wasn't prepared to say.

Christmas mail

Dear Jim:

Each year, we get thousands of requests for information on Christmas mailing. May I offer you readers a few hints on how they can get their mail to its destinations on time?

Remember to mail early! Christmas cards and parcels for local delivery must be mailed by December 17. Christmas cards and parcels for out-of-town delivery must be mailed by December 13.

If you're mailing outside Canada and the United States, please check the deadlines. This year, we've introduced a Christmas mail telephone hotline. The number is 369-XMAS (369-9627). It's a Toronto number, but customers in the region of Ontario covered by telephone area code "416" and living outside the direct dialling zone may call 369-XMAS collect for information.

Correct postage will speed delivery. Christmas cards for Canada and the United States must be sealed and require 32 cents postage for Canada and 37 cents for the United States. Rates for other countries

are available at all post offices or over the 369-XMAS hotline.

Address your mail properly. The address should be legibly written, and should include the correct address and postal code and your own address and postal code. Your local post office can give you correct postal codes. There, you'll also find labels to identify mail as "first class", "airmail" or "fragile".

Wrap parcels carefully. Send them in strong cardboard boxes wrapped in brown paper and tied with string. If you have fragile goods to protect, puffed popcorn makes an excellent packing. Wrapping properly, addressing properly and mailing early, can help Canada Post get your Christmas mail there on time.

As an added touch, try our Christmas scene stamps. They'll be available at all post offices from Nov. 3.

Sincerely,
Gary Fisher,
Manager,
Stouffville Post Office.

**Building
for
a healthier
tomorrow.**
Markham Stouffville Hospital.

A unique health care centre designed by and with the people of the Towns of Markham and Whitchurch-Stouffville.

Markham Stouffville Hospital Building Fund is asking for your help. Your contribution can help make our hospital the finest health care centre in Canada.

Contributions to your new Markham Stouffville Hospital

can be more than financial. We want ideas as to how we can build a hospital which is less threatening, more comfortable, livable and healthy.

Starting November 1st, our canvassers will be visiting every resident in the Markham and Stouffville areas. Please show your support and help make our dream come true.
