Two games cancelled

Following two game cancellations, one league and one exhibition, the Edwards Murphy bantam Clippers have had a quiet spell over the last two weeks.

Following their 10-2 hammering at the hands of a strong Port Perry side in their last league game on Oct. 24, and their cancelled Ajax game on the 28th, their league record

now stands at 2-2-0. Sean McQuigge was the only player to find the net against Port Perry. He scored both Stouffville markers. Jim Baggs supplying an assist, the other a solo effort.

Exhibition play seems more to the Clippers liking with five wins and one loss. The team's latest win being a 4-1 win over a relatively weak Markham side. McQuigge fired a hat trick with Chris Tymon collecting the fourth point. Assists went to Sean Pennanen (2), Derek Hutchinson, Craig Johansson and Russell King.

Novice squad win

A defensive game by the Neil Patrick Clippers earned them a 6-2 win over Uxbridge on Sunday.

Late in the first period David Sporenberg opened for the Clippers on a breakaway, followed by Philip Pridham who converted Ryan Burkholders pass into a 2-0 lead.

A comeback effort by Uxbridge netted them a pair of goals in the second period, followed by Geoff Smith and Darrin Zeller both scoring unassisted for the Clippers.

Smith and Zellers again found the net in the final frame, assists coming from Pridham, Cordell and House.

Strong challenges in the crease by Steve Taits combined with a fine team effort to bring home the win.

Dear sir: Could you please inform me through your column why consideration is not given to a new city hall and complex on the acreage next to the beautiful McNeil plant? I am sure it would add some beauty to the now disgusting entrance to the town.

Surely the residents in the West End and Ballantrae should have some say in the location.

When are we going to get rid of this farmer-mayor and get a proper business man in charge?

Signed Disgusted. (Name withheld).

Get involved

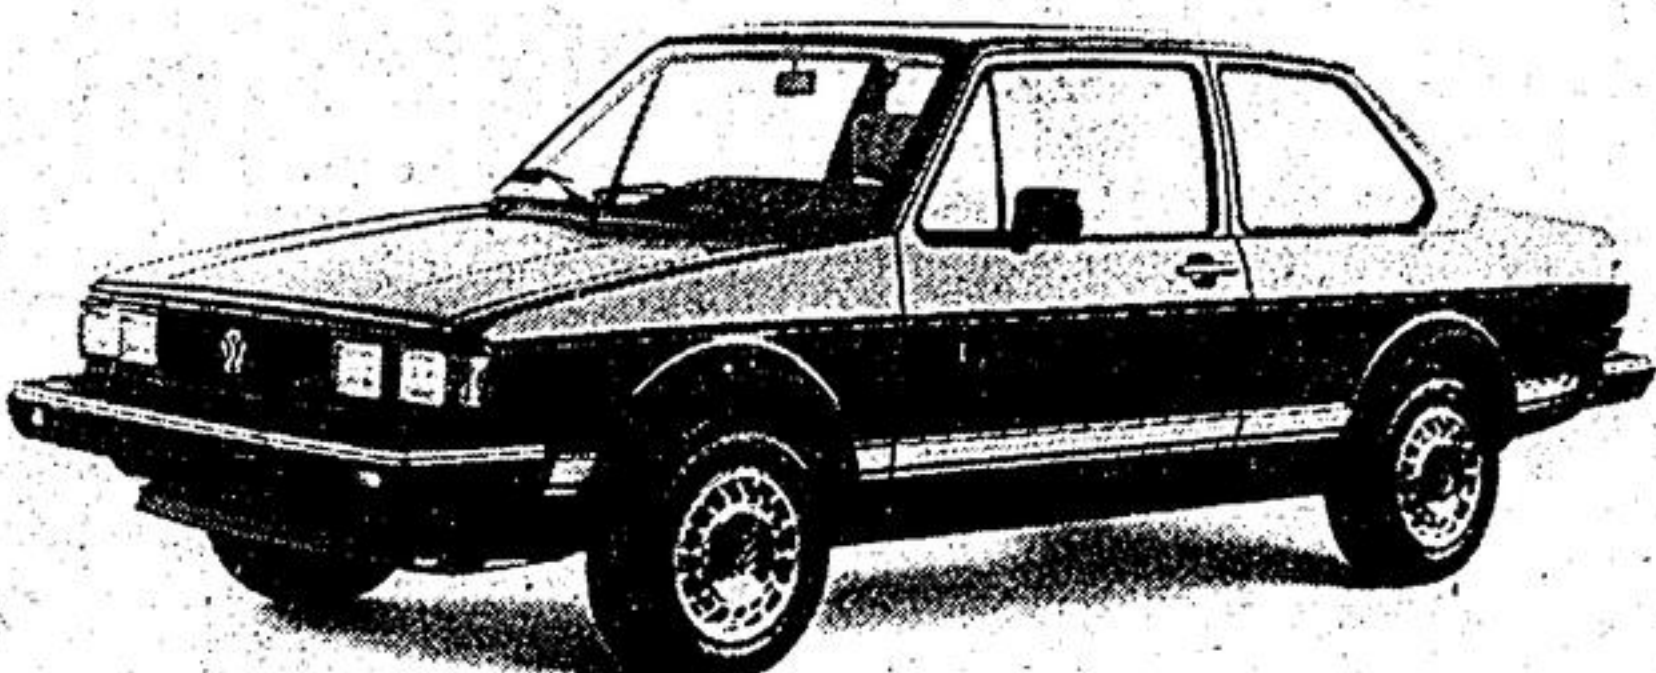

Dear Editor: I'm pleased to see something visible occurring with regard to the Recreation Complex. By this I mean the gathering, Nov. 2 at Spring Lakes Golf and Country Club.

In my opinion, such an event is what this project needs; something visible. Up until now, all I've seen are photos in The Tribune of cheque presentations, which is fine. However, it's time the whole community became involved, rather than just the fund-raisers.

Sincerely, Edward (Ted) Bennett, Tenth Line, Stouffville.

Rarely have the ideals of the automotive engineer and the needs of the people come together.

TA-DUM!

\$8925. The Volkswagen Jetta, like the Volkswagen engineer, is a rare and remarkable exception in the automotive world. For it is one thing to craft the ideal German sedan. And yet another to craft the ideal German sedan at an ideal price.

Simply, the Jetta is a car people can afford, that affords people the qualities one expects of German engineering.

For it offers a rare combination of performance, handling and efficiency. While the Jetta's rack-and-pinion steering, MacPherson struts and independent rear suspension

take curves with the greatest of ease, its 4-cylinder, fuel-injected engine provides thrilling performance as it deftly cuts corners at the pumps. Should people care to make their economical Jetta even more economical, an incredibly efficient diesel engine is available at no extra cost.

The Volkswagen Jetta. To the engineer, it is a car of ideals. To the people, it is the ideal car.

The Jetta.
