

**Honored---again**

Michael Ku, a Grade 13 graduate of Stouffville Dist. Secondary School and a multiple prize-winner at last fall's Commencement Exercises, received yet another award at a meeting of Town Council, Jan. 10. For attaining the second highest average in all of York Region, Michael was the recipient of a gift certificate to purchase the book *Loyal She Remains*, published by the Ministry of Education and related to Ontario's Bi-Centennial. The presentation was made by Town Mayor Eldred King.

**Carpet Cleaning Facts You Should Know**

There is only one safe way to clean carpet, Thoroughly and on-location without using damaging amounts of liquid.

- It's not the hand application method. Such old fashioned procedures will brighten the surface but can't remove the dirt deep in the pile. Result: embedded dirt works up quickly to the surface to re-soil the carpet.
- It's not the "STEAM" method. In the first place, no steam is used - probably a good thing since live steam would be disastrous to your good carpet. Actually, the "steam" is only hot water that is sprayed into the carpet. And in most cases, little more than half of the dirt bearing water is extracted from the carpet. The remainder is left and can result in soggy carpet, browning, mildew, shrinkage or damaged backing, padding and floors. Drying time can run up to 24 hours - a long time for any carpet area to be unusable.

**THEN WHAT IS IT?**

- **The Professional Way - With SOMEBODY'S CARPET CLEANING LTD.**  
We use dry foam shampoo which is used world wide in an industrial shampooer that scrubs to the bottom of the fibres to dislodge and collect all the embedded soil. Then we go over the carpet with an industrial extractor that removes the deep soil and most of the water from the carpet and at the same time breaks up the matted areas. Your carpet will be dry in approximately 2 - 4 hours.
