

Male nurses-why not?

STOUFFVILLE man can do— as public health nurse well as girls to con- sider nursing as a woman can do, a Margaret Iding, a York, urged boys as profession. She and

five other speakers attended a Career Day at Summitview School, Thursday. The program was in charge of staff guidance teacher, Merrill McPhail.

Mrs Iding said the Region had recently acquired the services of a male nurse to work in the Keswick area of York. She described the move as "a great step forward."

The speaker told of the many services performed by nurses, everything from a physician's assistant in an operating room to calling on homes of new mothers and senior citizens.

Mrs Iding, in reply to a question, said comforting the chronically ill and with family members following a death, would always pose a problem. "Coping with death and with the dying is never easy," she said.

The Career Day counsellor stressed the fact that a nurse, regardless of experience, "never stops learning." She said changes in methods and medications are on-going.
