**SHOP LOCALLY!**

The money you spend helps your community grow & prosper

A part of everything you spend in local stores goes to make your town a better place to live for you and your family. Merchants pay taxes, make charitable contributions and support local institutions. The merchants are your neighbors and they want to work with you to improve and support the good life in your community. You'll be helping your neighbors and yourself.

When you shop locally, everyone benefits. It's more convenient so you save gas and time. You get friendly, knowledgeable service because local merchants "know" you and appreciate your business. They depend on you to keep their stores going strong. And some of what you spend goes back into the community in the form of taxes and charitable contributions paid by the merchants.

**Remember...**  
Your money buys more when you shop at a local store. It's good for you, good for us, good for the community.
