Hearing Loss Is Not A Sign Of Old Age

Toronto—An offer of special interest to those who hear but do not understand words has been announced by Beltone. A non-operating model of one of the smallest Beltone aids of its kind will be given to anyone requesting it.

Send for this model now. It is not a real hearing aid, but it will show you how tiny hearing help can be. The actual aid weighs less than a fourth of an ounce, and it's all at ear level, in one unit.

We suggest you write for yours now. Again, we repeat, there is no cost, and certainly without obligation. Thousands have already been mailed, so write today to Dept. 55333, Beltone Electronics of Canada, Ltd., 124 Connie Crescent, Unit 4A, Concord, Ontario L4K 1B1.
