**Cut down on unnecessary mileage and save on gasoline**

With the cost of gasoline increasing by a few cents per gallon nearly everyday, you can't afford to waste it. Who can. So why shop in another town when local merchants can supply you with everything you need — all conveniently close to where you live. From clothes, to groceries, to vacation supplies, smart shoppers know that shopping locally is the very best way to go.

When you shop locally, everyone benefits. It's more convenient so you save gas and time. You get friendly, knowledgeable service because local merchants "know" you and appreciate your business. They depend on you to keep their stores going strong. And some of what you spend goes back into the community in the form of taxes and charitable contributions paid by the merchants.

**Remember...**

Your money buys more when you shop at a local store. It's good for you, good for us, good for the community.
