No support for
Allstar ball**

Dear Jim,
We very much regret that due to lack of support, the Allstar Softball Association has decided to scrap plans for a bantam or midget team this year. Despite notices in the local press, informing players that they must register if they wish to try out, only three players (three bantams and one midget) showed any interest. The association even waived the registration fee at the time of signing. All that was required was to fill in the registration form.

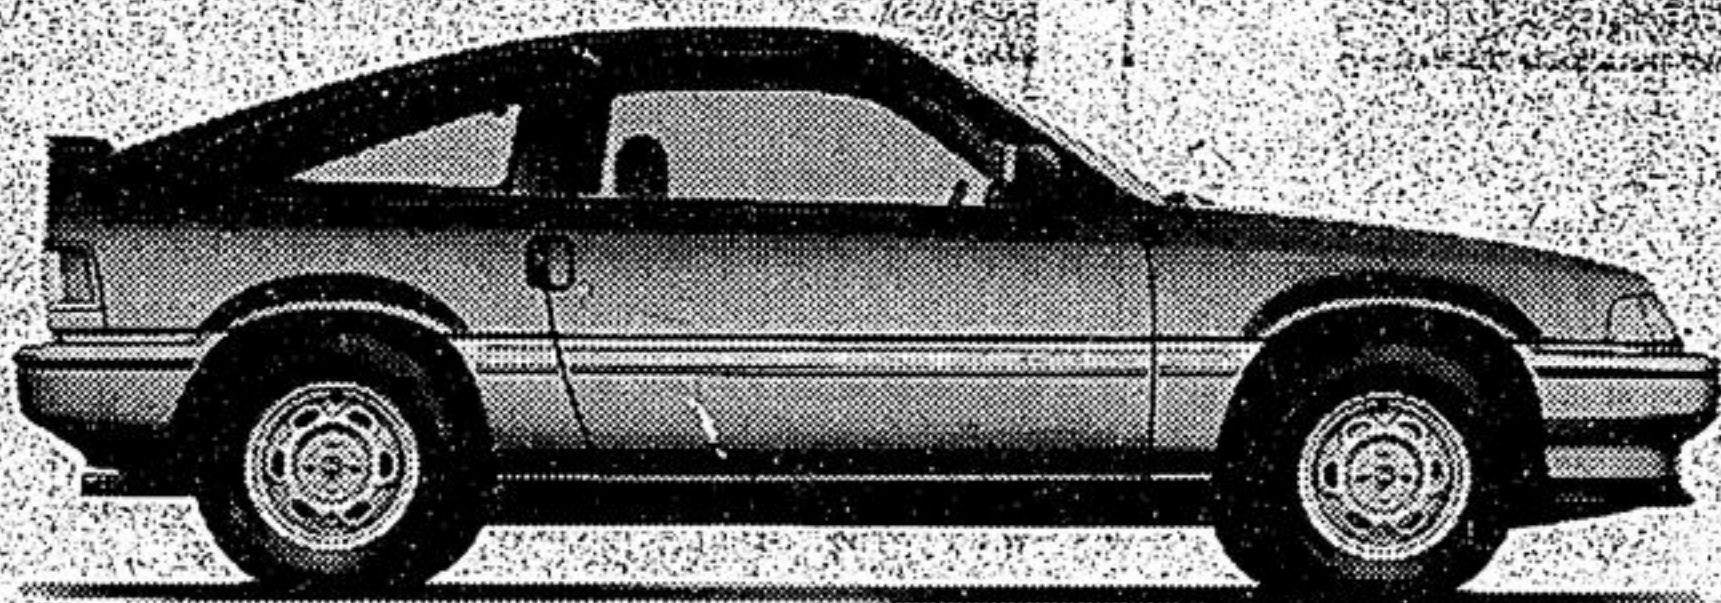

The Association supplies umpires, equipment, diamond time and all league affiliation fees, yet, despite requests for coaching staff, not one offer was received. Unfortunately time has now run out. The executive regrets the lack of interest shown. However, they are fully occupied with other duties and simply don't have the time to go chasing after coaching staff and potential players. Sincerely, Cliff Dunkeld and Al Piette. Allstar Executive.

**Novices take
two of three**

STOUFFVILLE — Darrin Zeller was the team hero when the Novice Clippers edged Uxbridge 4-3. The speedy forward scored all four Stouffville goals. The winner came with only two minutes to play. Danny Clements picked up the assist.

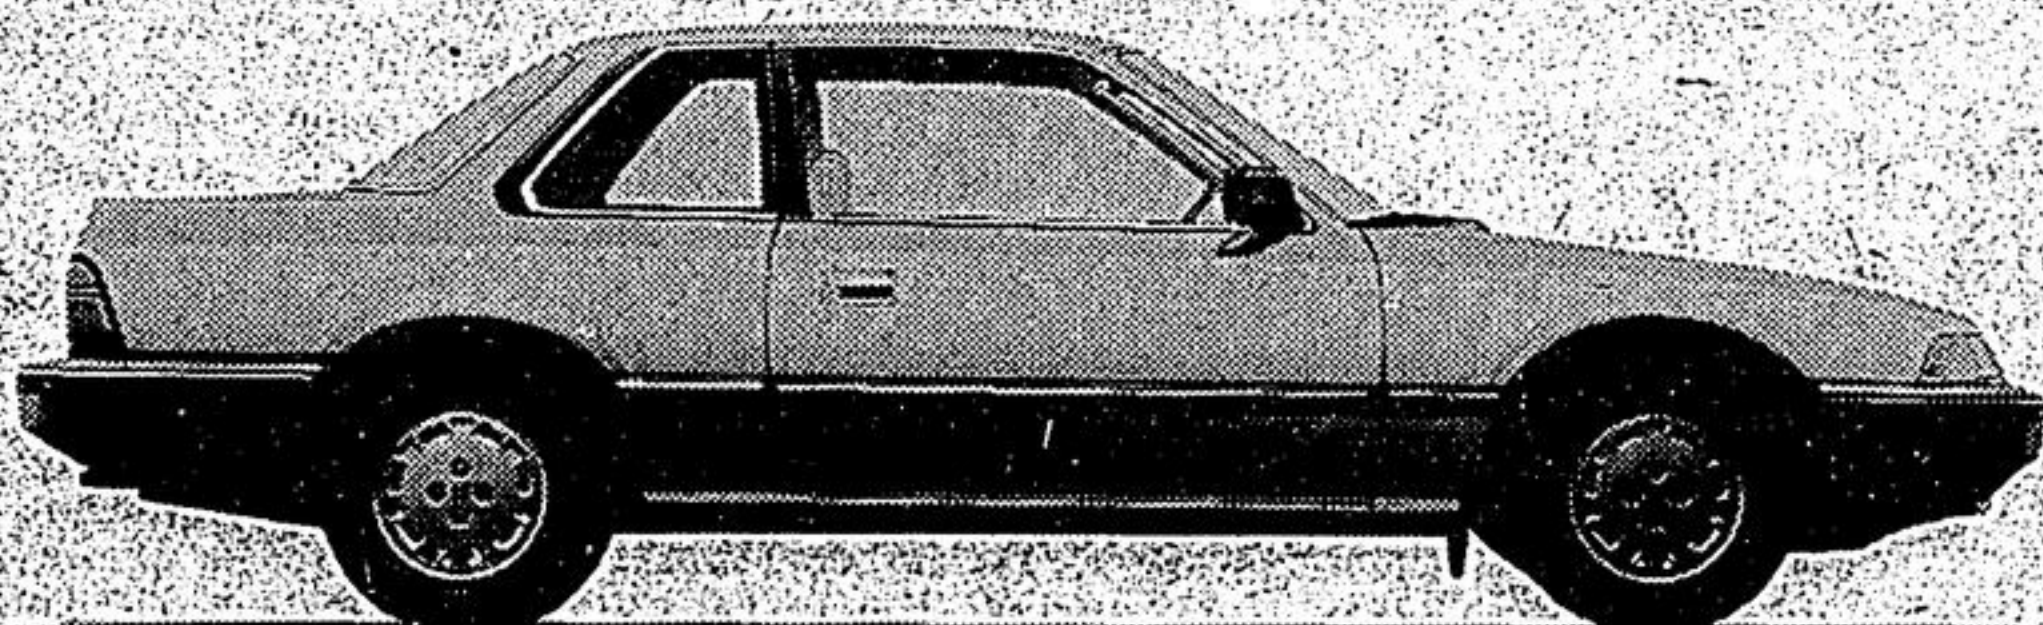

In an exhibition match against Bradford, Danny Clements played the hero's role, blinking the light three times in a 3-1 victory. In an earlier contest, the Clippers lost 7-1 to Cobourg. Geoff Smith was the lone Stouffville goal-getter.

**Motor Trend Import
Cars of the Year.**

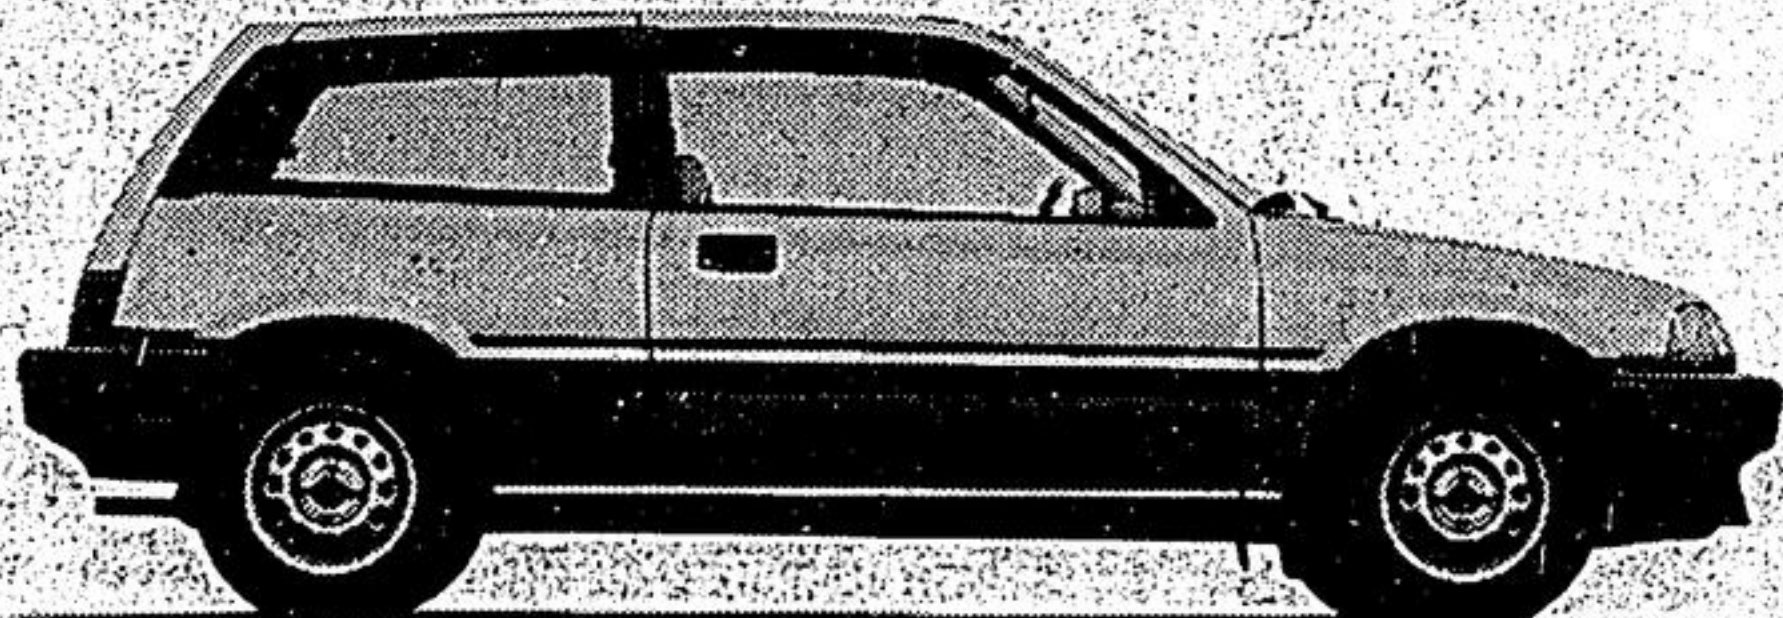

Win.

Honda Civic CRX 1.5 Coupe — Motor Trend Import Car of the Year. All the virtues of a Honda, all the excitement of a sports coupe. *Motor Trend* summed up, "It's hard to think of anyone who has done it this well before."

Place.

Honda Prelude — First Runner-Up. As one *Motor Trend* reviewer put it, "The Prelude has all bases covered — performance, comfort and styling." The Prelude even includes a power sun-roof in its long list of standard features.

Show.

Honda Civic 1500 S Hatchback — Second Runner-Up. The concept that started it all, in a fresh new treatment. Brings the sheer fun of driving to the practicalities of ownership.

Winning *Motor Trend* magazine's prestigious 1984 Import Car of the Year award is an impressive achievement in itself. But taking all three top positions, with some of the world's finest and most expensive imported cars in the same competition is, to say the least, remarkable. But no more remarkable than the engineering behind these and every 1984 Honda model. Or as *Motor Trend* put it "for our money Honda

may very well be the best car company in the world today. Why? Because at Honda, product comes before everything else."
