

# Musical tunes sing in night air

UXBRIDGE — It was "An Evening of Music", two evenings, in fact, at Uxbridge Secondary School, May 3 and 4. Audiences thrilled to vocal and instrumental selections provided the U.S.S. Concert Band, choirs from Uxbridge Public School, a choir and two bands from Joseph Gould Sr. Public School and their rendition of "Rock Around The Clock". The concert concluded with the well-known John Philip Sousa number, "El Capitan", performed by the Concert Band.

MIRROR IMAGE: Uxbridge Secondary School Grade 11 student, Christine Rutherford, 17, (left) plays her flute in tune with Grade 12 student Heather Cornell, 18, in the U.S.S. Concert Band at the annual 'Evening of Music', May 3 and 4.

Grade 10 student, David Bakelaar, 16, played the Sausaphone in the Uxbridge Secondary School Concert Band during the school's music night held May 3 and 4.

## Late Mary Lauterbach

# Talented artist

GOODWOOD — Mary Elizabeth Lauterbach leaves many lasting memorials. Her free spirit and love of life are reflected in the many beautiful paintings prominently displayed in the family residence, Conc. 2, Uxbridge and her parents' home, Lloyd Avenue, Stouffville.

Mrs Lauterbach, the former Mary Elizabeth Beaven, died suddenly April 13. She was only 40.

Born in Toronto, Mary attended John Fisher and Finch Avenue Public Schools before graduating to Earl Haig Collegiate. In 1961, she was selected the school's college queen.

After high school, she held positions with I.B.M. and Imperial Oil. She and her husband moved to R.R. 3, Stouffville following their marriage, June 6, 1970. Their lovely home, they built and furnished themselves.

Mrs Lauterbach had many interests. She had enrolled in a brush-painting course at the Japanese Cultural Centre, Don Mills

and became extremely skilled at this art. The creation of dried flowers was another of her talents. She enjoyed music, playing bridge, crocheting and writing poetry. One of her poems was read at the funeral service, April 17, conducted by Rev. Edith Ann McManiman from the O'Neill Chapel, Stouffville. Interment was at Goodwood Cemetery.

Mary had an intense love for her home and family. She seldom missed a ball game involving daughters Jessica and Anneliese. Besides her husband Guenter and children, she is survived by her parents, Ernie and Evelyn Beaven of Stouffville; a brother John at Bobcaygeon and a sister Susan Winn of Goodwood.

"Everybody's friend," were the words used by Rev. McManiman to describe Mrs Lauterbach's associations within the community.

Pall-bearers were Jim Pollock, David Winn, Bruce Vanderbent, Ernie Moser, Bernie Forrester and Larry Murphy.

### WEST BEND ELITE GAS BARBECUE \$259 (TANK EXTRA)

# GAS SAVES MOST IT'S PROVEN

**PRICE** Natural Gas. It's Canada's number one home heating fuel. And at today's average prices in southern Ontario, it's 29.9% cheaper than oil and 17% cheaper than electricity. And while gas prices are relatively stable, the alternatives increased in cost this winter, so the natural gas advantage increased—convert now.

**"GAS SAVES MOST" REPORT** Now's the time to stop heating with oil. And there's no better proof than the information you'll find in our up-to-the-minute report based on the Ontario Ministry of Energy Off Oil Handbook. Your authorized dealer will be glad to give you a copy.

**FREE HOME HEATING ANALYSIS** With the aid of a computer, we'll show you: • The year-by-year projected costs of your present system. • The typical cost to purchase and install a new gas heating system, plus projected yearly energy and maintenance costs. • A cost/savings comparison of your present system vs. a new system. • A customized analysis using any conversion estimates you have received.

**C.O.S.P.** The Canada Oil Substitution Program provides home owners a taxable grant of 50% of total conversion costs—up to a maximum of \$800.00.

If you currently heat with an oil-fired forced air system

Alternate Heating System	Total Savings in Dollars Based on Annual Oil Consumption level of 3,000 L
1. High Efficiency Gas Furnace	3,900
2. Induced Draft Gas Furnace	3,300
3. Gas Conversion Burner plus Chimney Liner	2,500
4. Conventional Gas Furnace plus Spark Ignition, Flue Damper and Chimney Liner	2,400
5. 15 kW Electric Plenum Heater	2,100

Calculations derived from the current issue of the Off Oil Handbook, published by the Ontario Ministry of Energy.  
\*Savings shown are based upon capital, operating and maintenance costs.  
†Discounted 15 Year cost.

# IT'S GUARANTEED

**GUARANTEED SAVINGS** Here's a guarantee like no other! Convert from oil to gas, and if after one year of operation you haven't saved on energy costs\*\*, we'll replace your natural gas system with a new oil furnace, plus a new oil tank... at no cost! Call the Gas Company for complete details. There's never been a gas guarantee like it.

**GUARANTEED SUPPLY** Because natural gas is an abundant all-Canadian fuel, you'll never have to depend on foreign energy sources again. Canada has plenty of gas for generations to come.

**GUARANTEED SERVICE** Natural gas is the heating alternative you can count on today for lowest cost and constant supply. We're also the only utility that assures you 24 hour heating service.

\*Based on oil consumption of 3000 litres and on an average cost for #2 fuel oil at 34.6¢/L, electricity at 4.15¢/kWh and natural gas at 23.31¢/m<sup>3</sup> as of March 1, 1984.  
\*\*Assumes equal quantities of heat delivered to the house and that the new gas furnace operates at the same efficiency as the old oil furnace.
