Councillor, *James Rice*

Councillor, *Fran Sanbury*  
Councillor, *Willy Morley*  
Councillor, *Jim Sanders*

Seventeen-year-old Angie Howes, Bethesda Road, Whitchurch-Stouffville, is hoping to enter Grade 13 at Stouffville Dist. Secondary School in September. Angie retains fond memories of her closest friend, Wendy Desjardins, (inset), who

died Dec. 7 in Mississauga. Angie requested Wendy's photo appear along with hers and we agreed. Angie and Wendy were classmates at Orchard Park School and S.D.S.S.

## "Girl Next Door"

# Angie recalls a friend

By Jim Thomas  
**WHITCHURCH** — A beautiful piece of art hangs in the home of Ted and Jackie Howes, Bethesda Road, Whitchurch-Stouffville. It was completed by their 17-year-old daughter Angie, a gift to her father.

Art is Angie's favorite subject and art instructor Mrs Warren is her favorite teacher; also Mr Marshall, despite the fact she finds Physics difficult.

in the country. "I'll always love the country," she says. Angie enjoys sports, both as a participant and a spectator. She also appreciates the fellowship of Jr. Farmer

dances. Boyfriend Donnie Wagg's a member. This personable young lady was a close friend of the late Wendy Desjardins. Even following Wendy's move to Mississauga, she

kept in touch. Wendy died, Dec. 7 and Angie attended the funeral. "She was a beautiful person," Angie said, "and very brave." Angie also has kind words for Canon and Mrs Pux-

## Editor's Mail

# Project appreciated

Dear Editor:  
I wish to respond to the Page 1 story in the June 20 Tribune, that told of our apparent displeasure with road re-construction on the Cedar Beach side of Musselman's Lake.

Obviously, my views on the project were overlooked.

The individual who related those 'horrible' facts must have forgotten how we once feared being swallowed up into the bowels of the earth after nearly every rain-storm.

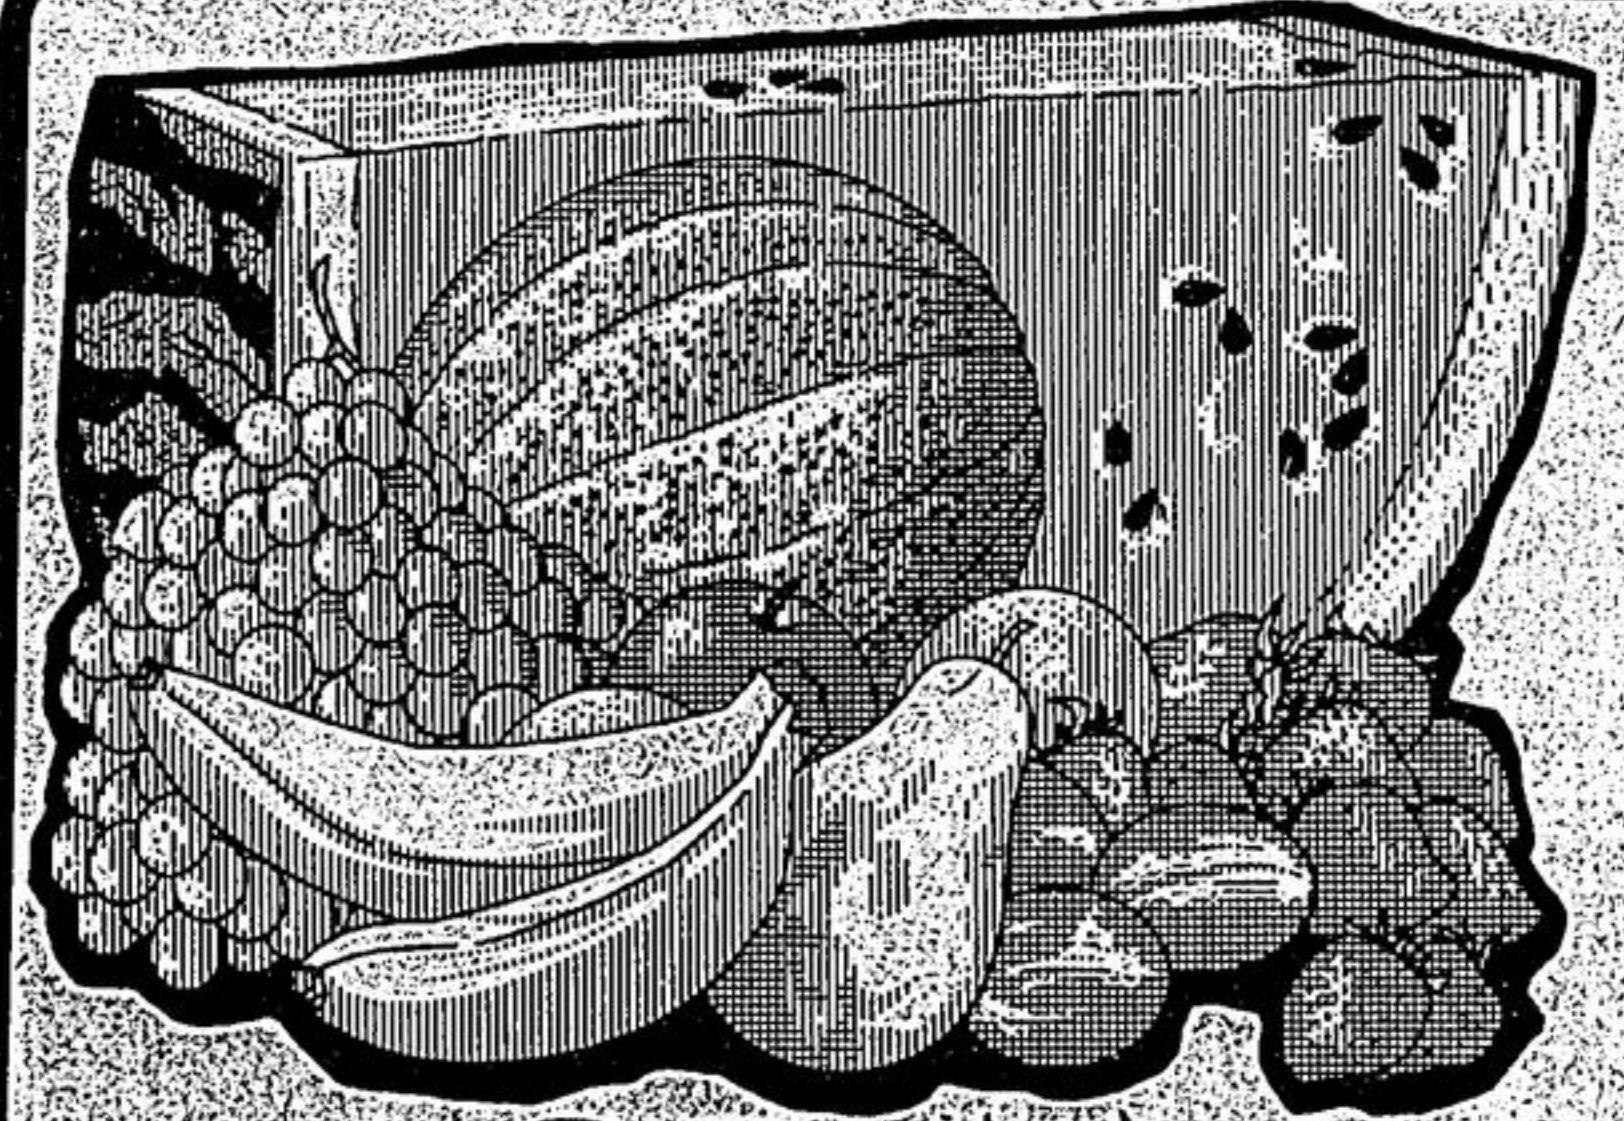

We too had a mountain to climb after our road was excavated, but through co-

operation, that mountain was soon reduced to a mole hill.

Because I work shifts, I had to come and go at the most inconvenient times, often interrupting the entire project. However, work was stopped and equipment was re-routed just so I could carry out my duties. Not once was I regarded as being a nuisance.

I wish to especially thank the project foreman. His leadership is evident in the high quality of workmanship.

Sincerely,  
M. McAuley,  
Rosehill Drive,  
Musselman's Lake

# The Fruit Cellar

Announces Its

# GRAND OPENING TUESDAY, JULY 3RD

In **Success Square Plaza**
