## Brienne Robertson

### Class valedictorian

Fourteen-year-old Brienne Robertson had kind words to say for her principal, Bob Stover, in a valedictory address delivered June 21 at the Stouffville Christian School's Grade 8 graduation ceremony.

"Mr Stover," she said, "did a great deal in getting our school going and making it the best in Stouffville. I'll be sorry to see him go."

Brienne also praised other members on staff "for their help and encouragement."

The speaker added a touch of humor to her address with personal comments concerning each of her classmates.

She described Tammy (Stonehouse) as the best and most loyal friend. "Whenever I had a problem, she was willing to hear me out."

The generosity of Tia (Patrick) was recalled. She never refused to lend me things, Brienne said.

"Jenny (Robbins) is the best next door

neighbor any girl ever had," she continued. "She's as tall on the inside as on the outside."

Brienne brought smiles to the faces of listeners when she spoke of Stacey (Evans). "Her only wish in all the world is to own and wear every single piece of clothing at Cotton Ginny's."

Brienne admitted she found it difficult to speak about the boys, "because I don't know them as well." She predicted, however, that Scott Alsop would probably pass his driver's test with flying colors because of all the practise he receives behind the wheel of his own John Deere lawnmower.

Of Steve Brillinger, she said: "He'll probably make the best college basketball player, before he even gets to college."

Brienne plans to continue her association with the Stouffville Christian School when she returns as a student in Grade 9 in September.

Fourteen-year-old Brienne Robertson of R.R. 2, Claremont, delivered the valedictory address for the Grade 8 graduating class at Stouffville Christian School,

Thursday night. Brienne completed her year with an average mark of 89 per cent.
