IT'S GOOD TO KNOW SOMEONE WHO KNOWS.

**It's good to know the people
who list more houses,
know more buyers,
place more ads,
get more action
and sell more homes
than anybody else
in Canada.**

Last year we sold more homes in Canada than any other realtor. We know how to sell your home — fast. Our sales representatives are highly trained professionals who know their neighbourhoods and how to make legal and financial work less work for you. They've got the know-how to help you make the right decisions. And when you're selling a house or buying one, that's good to know.
