Job office now open

STOUFFVILLE — Finding a summer job can be a difficult task, but help is on the way.

The Canada Employment Centre for Students has opened an office at 330 Yonge Street South, Newmarket, (Third Floor), to aid student job-hunters.

Supervisor of the Centre is Linda Visser. She, along with a team of student placement officers are now available from 8:30 a.m. to 4:30 p.m., Monday to Friday.

Students wishing employment should register with the student office. There they will be interviewed and classified according to skills and interests.

A Job Information Board is available. Employers are being encouraged to call in their job orders. Qualified students are pre-screened and referred to them.

Linda is planning a visit to all high schools in York Region during the month of April. She will also be calling on area employers to promote the student program and obtain their support.

Many jobs are already on file, Linda says. The number to call is 898-1224.

FINALLY, THE COST OF LUXURY COMES DOWN TO EARTH.

INTRODUCING STELLAR.

First the Pony, now the Stellar. They're very different cars, but they share the Hyundai philosophy: give the customer outstanding value for the money.

The beautiful Stellar does just that.

The body is by Giugiaro, the famous Italian designer. He deserves full credit for Stellar's sleek exterior and roomy interior.

The engine and transmission are proven performers because Stellar is already a hit in 21 countries.

What lifts Stellar into the luxury class? The extras that should push the price way up, but don't.

Michelin all-season, steel-belted radials are standard equipment. Side window demisters, tinted glass all around, child-proof rear door locks, rear window defroster, rear seat heater ducts. All standard.

Stellar has proven itself under rough testing on Hyundai's new test track facilities in Korea, through a northern Canadian winter and with owners around the world.

Now it's your turn. Take Stellar for a test drive soon.

The one that brings the cost of luxury down to earth.

NEW FROM THE PONY PEOPLE.
