### Editor's Mail

## Speed too slow

Dear Editor:

I am writing to protest the slow speed limit on Ninth Line South.

From the Stouffville-Markham boundary down to 17th Avenue, a 60 km/h limit is posted (by Markham bylaw).

I suggest an 80 km/h limit from Stouffville down to 16th Avenue (Town of Markham), with the exception of the 2 km section from the Trans-Canada Pipeline station down to 18th Avenue where there are several houses. The remainder of the road passes through farm country where an 80 km/h limit should be posted. The present slow limit actually aggravates drivers and could create dangerous situations.

The Ninth Line is a safe road with high visibility to motorists and pedestrians. It is the only direct road available to residents of York Region who work in Markham or

Scarborough, Highway 48 (Markham Road) passes through busy Markham Town and several major construction sites. The same applies to the 7th Concession (McCowan Road).

I recommend motorists with similar concerns to write to:

The Clerk, Town of Markham, 8911 Woodbine Avenue, Markham, Ont. (L3R 1A1) or leave a message and a name by calling the Town Clerk at 477-7000 (Ext. 237).

Requests will be considered by the Town Council of Markham. If all concerned motorists voice their feelings, the Council may listen.

Thank you,  
Barry Hart,  
Stouffville

### Music Mania says-

## Thanks for support

Dear Jim:

On behalf of the cast and crew of Music Mania '85, we would like to extend our sincerest thanks to everyone who supported our show.

This year's production was very special to us all, for it marked a quarter century of community involvement in Music Mania. We are very fortunate indeed to have had these last 25 years of enthusiastic audiences, great newspaper coverage, and the efforts and co-operation of so many organizations, clubs and local merchants. It is this kind of tremendous support that has made Music Mania such a great success.

We are already looking forward to Music Mania '86, and hope that anyone who would like to take part will plan to attend our general planning meeting next October.

Once again, thank you for the exceptional coverage that The Tribune has given Music Mania... and thank you Whitechurch-Stouffville for your continued support.

Sincerely,  
Suzanne and Don McNair  
Presidents,  
United Church Couples' Club,  
Sponsors of Music Mania.

## The oil crisis isn't over. It's in your heating bill.

More Canadian homes heat with natural gas than any other fuel, because it saves the most.

When the Ontario Ministry of Energy recently compared 14 different types of oil, gas and electric forced air systems, over a 15 year period, the four most economical were fueled by gas. Why would you hear with anything else?

### PROVEN SAVINGS OF 37%

Gas simply gives you the most heat for your money. At today's prices gas produces the same amount of heat for 37% less than oil, 22% less than electricity. In dollar terms that's a saving of up to 37¢ on every heating dollar. Serious money.

### NO PAYMENTS 'TIL OCTOBER

We're making it easy for you to convert your heating system now, while you don't need it, but not start to pay for it until October 1st, when you start enjoying it.

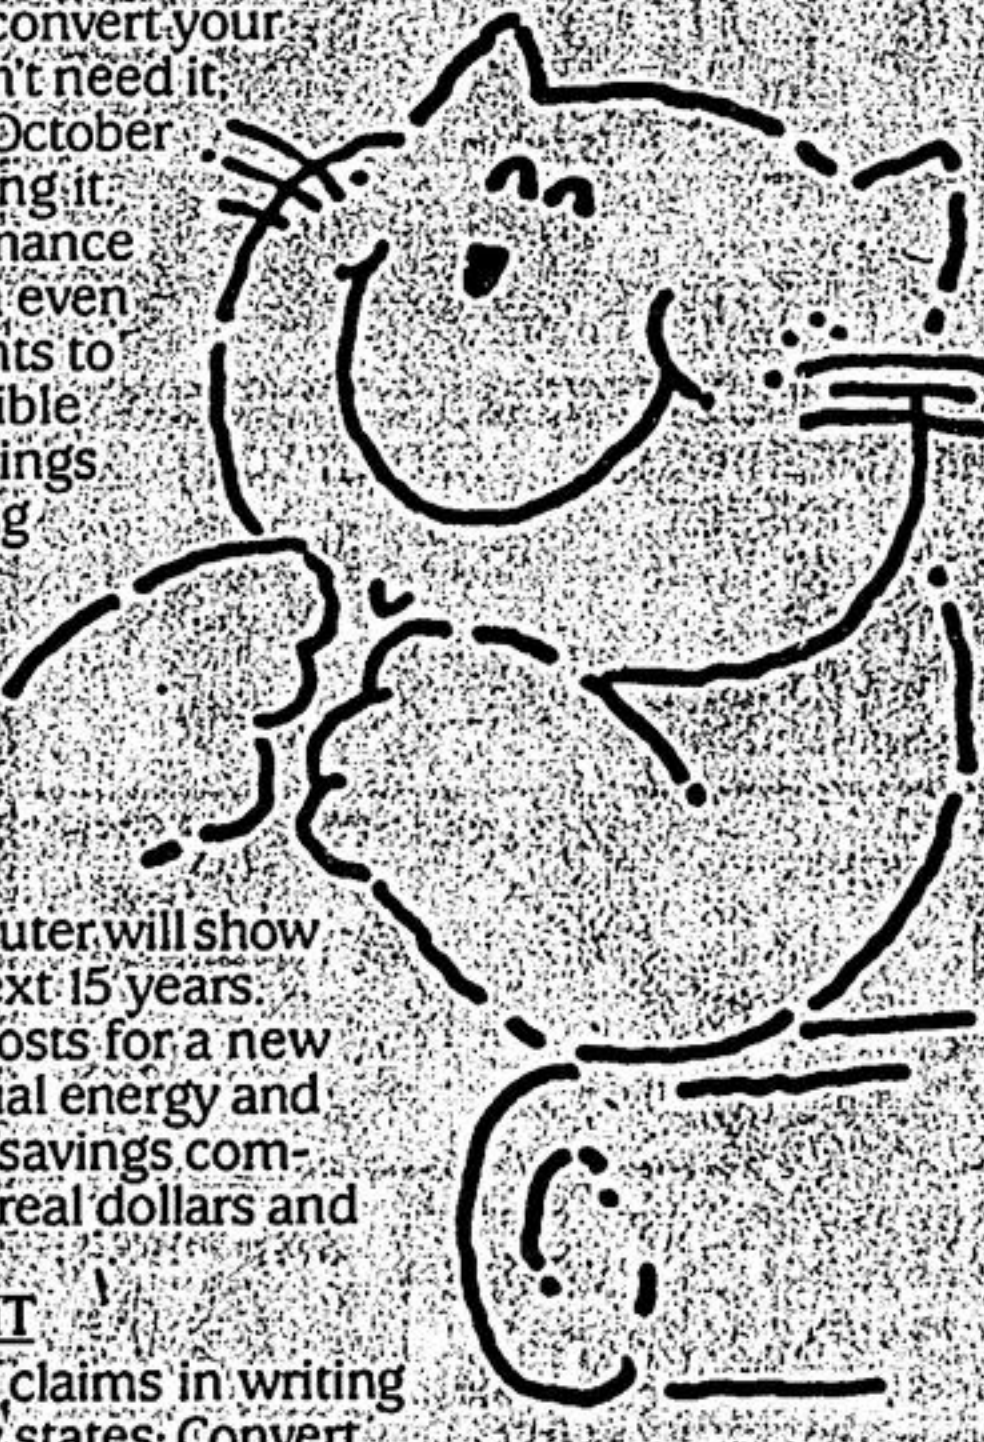

That's fair. Plus, you can finance it on your Gas bill. You can even tailor the monthly payments to your budget with our flexible financing. Your energy savings will pay for your new heating system sooner than you think.

### WE CAN PROVE IT!

We can even show you how much we can cut the heating costs in your house. If you'll supply your current heating costs, our computer will show you the projected savings for the next 15 years. The analysis will include installed costs for a new heating system, plus projected annual energy and maintenance costs. You'll get a cost/savings comparison of the old versus the new in real dollars and cents terms.

### WE GUARANTEE IT

We're confident. So we put our claims in writing with a unique guarantee that simply states: Convert from oil to gas, and if after one year of operation you haven't saved on energy costs... we'll replace your natural gas system with a new oil furnace, plus a new oil tank... at no cost! Call your authorized Gas Company dealer, or us, and get the complete details.

Our Eglinton Avenue Showroom will be closed Saturday, May 11 for the sale and will re-open Monday, May 13 for business as usual.

*Lounge Design*

\*BASED ON OIL CONSUMPTION OF 37.5 LITRES AND AN AVERAGE COST FOR #2 FUEL OIL AT 38¢/L, ELECTRICITY AT 4.4¢/KWH AND NATURAL GAS AT 23¢/CU YD AS OF MARCH 27, 1985. SAVINGS SHOWN ARE BASED UPON CAPITAL, OPERATING AND MAINTENANCE COSTS. ASSUMES EQUAL QUANTITIES OF HEAT DELIVERED TO THE HOUSE AND THAT THE NEW GAS FURNACE OPERATES AT THE SAME EFFICIENCY AS THE OLD OIL FURNACE.
