

Hi neighbor!

Welcome to Stouffville. Mayor Tom Wood, (left), and salesman Ed Wright, (right), greet future residents, Wes and Cora Robbins following their purchase. Friday, of a new home in Lakeview Estates. The 79-lot development is an extension of the Thicketwood Subdivision.

Lakeview officially opened their real estate office, Friday. Mayor Wood cut the ribbon and Ged Stonehouse, President of the Chamber of Commerce, presented the firm with a Town flag. The development will be served by Town water and sewers.

Garbage cost concern

Dear Editor:
To the taxpayers of Whichurch-Stouffville.

Do we want our garbage pickup to continue as at present? Do we need to have it come out of our taxes on each assessment as at present?

This way, each assessed property is paying for garbage pickup whether or not there is a house on the site.

If there are two families or two houses on one property assessment, they only pay for one. This seems unfair. Or if you put out one bag a month or five bags a week, we all pay the same.

I think we should all recycling everything we can. We could all take five minutes a day to put it in separate containers and periodically take it to the recycling depot.

If the depot becomes too busy, it can be open longer hours. Bring suggestions to your Town councillors by mail or by phone.

If you're tired of the garbage tax bill, let us know and bring your solutions, whatever they are.

I am writing this on my own initiative as this is an issue we must deal with very soon.

I believe we should have our own garbage dump for our own garbage here in Whichurch-Stouffville. This way we can all be careful what we put in it. By recycling as much as possible, I'm sure we can cut our garbage collection by 50 per cent or more.

What really prompted me to write was a phone call from a lady who objected to paying for garbage pickup because she's never used it. So, it's possible not to make garbage. Please let us know your ideas as soon as possible.

Sincerely,

Jim Rae
Councillor, Ward 3
