"Girl Next Door"

Honor student

By Jim Thomas
MARKHAM — Seventeen-year-old Tasneem Doctor is a resident of Markham, (Emeline Crescent); and attending Stouffville Dist. Secondary School. But she doesn't feel out of place. In fact, she likes it so much at S.D.S.S. she plans to complete her Grade 13 there. "It's smaller," she says, "you know everybody, and everybody knows you, you're not just a number." Tasneem's our "Girl Next Door." Initially from Bombay, India, Tasneem moved with her parents to Canada when she was very young. For a time, they lived in Toronto, taking up residence in Markham 3 1/2 years ago. She has a younger sister, Shaheen, 14, a student in Grade 9.

Tasneem is involved in many activities at Stouffville High. She's a cheerleader, a member of the Booster Club and a member of the choir. She played alto sax in the S.D.S.S. Band from Grade 9 through Grade 11. Soccer's a favorite sport. An honor student for the past three years, Tasneem selects Math as a favorite subject. Following graduation, she plans to go on to university. Although she hasn't settled on a definite profession, dentistry is presently at the top of her list. Tasneem has enjoyed many long distance trips including Bombay, India; Europe and parts of the United States. A family vacation to the U.S. is planned for this summer.

Air bands popular

By Chris Garbutt
 People are moving their mouths but aren't saying anything. No, this doesn't mean there's a communication problem at S.D.S.S. It means that, once again, it's "Air Band" time.

This historical annual event took place Friday. Attendance was very impressive. Air Band competition involves the "lip-synching" of the words and playing of the "air" guitar and other instruments of a pre-taped song. Contestants are required to do their best to imitate the group they have chosen to mimic. Is that clear? Many of Friday's finalists could easily have been mistaken for the real thing.

Nearly thirty groups were entered originally. However, the field was narrowed to nine for the finals.

The music ranged from the 50's style, as Flash Cadillac performed 'At The Hop' to the country and western sound of Alabama; from the punk of the Ramones, (Rock and Roll High School), to the Heavy Metal head-banger noise of Ratt and W.A.S.P. (I Want To Be Somebody).

The other groups were Autograph, with "Turn Up The Radio"; Shane Rutherford and his group performing "I Can Dream About You"; Madonna and "Lucky Star"; and Van Halen with "Panama".

The audience was enthusiastic to say the least, and definitely pleased with what they saw and heard.

The clear winner, by unanimous decision, was Van Halen.

Winning air musicians were Bill Hughes on lead air vocals; Martin Wells on lead air guitar; Ed Roberts on lead bass air guitar and Mark Belisle on air drums.

Van Halen appears to have a special place in the hearts of S.D.S.S. This is the second year in a row this group has been king of the Air Bands.

One last, but very important note. This is Student Council Election Week. Make your choices wisely.

Fine art recognized

STOUFFVILLE — The work of John Roberts, art teacher on the staff of Stouffville Dist. Secondary School, has been recognized by a leading art magazine in the United States.

"North Light" has given over two of its pages to a write-up on Mr Roberts, complete with a display of photos.

The Roberts' unique style, described as Ribbonesque, "seeks new ways to describe solid forms with contour lines that expand in a swirl of flowing ribbons."

Says Mr Roberts of himself: "Although my art gallery dealer was in a state of shock after seeing these paintings, (so unlike my previous work), he went ahead and submitted them to the jury of the Ontario Society of Artists for their annual exhibition. Eight hundred entries from across Canada were submitted and my "Conversation" was accepted. I was on Cloud Nine, and still am."

Mr Roberts, near the end of his 14th year at S.D.S.S. is justly proud of his students' accomplishments. The majority of his eight Co-op students have already been accepted at art colleges in the Toronto area.

In particular, Mr Roberts is pleased with the work of student Ron Letkeman, winner of a prize in art in 1984. Following graduation, Ron plans to go on to Sheridan College in their world famous Animation department.

Journalism is choice of student

Dear Mr Thomas:

On behalf of Summitview, I wish to thank you for your contribution to our Career Day. I personally enjoyed your career more than all the others because I want to be a journalist when I'm older. You helped educate me on almost everything I wanted to know.

No matter how many negatives there are about journalism, you made me want to become a journalist even more.

I was very pleased and happy to be your hostess on Career Day.

I hope I will have an opportunity to talk to you again. I'll probably see you because you often take pictures of members in my Figure Skating Club. Thanks again.

Your sincere hostess,

Michelle Richardson,
 Summitview School,
 Stouffville.
