Pumping Station operators honored

Ernie Carruthers, (right), and Les Mitchell, proudly display the plaques they received Friday in recognition of long service as operators at the old Goodwood Pumping Station. Ernie's been on the job from 1976 to present, while Les became an operator in '77.

The Goodwood residents were honored by the Metropolitan Toronto and Region Conservation Authority, as part of official opening ceremonies for Goodwood's new flood control system. See story on page B-3.
