

## Markham Hydro General Manager

One of Ontario's few expanding utilities, Markham Hydro serves a burgeoning community of 100,000 plus 4,000 business establishments. In 1984 they delivered 753,666,926 kilowatts of power with a revenue of \$48 million.

Well known for their innovativeness, they require an outstanding, progressive executive. The role is all encompassing: planning, coordination and control of the Commission in line with the objectives and policies set by the Commissioners.

You are an outstanding administrator with the ability to relate effectively with the public, municipal officials, and government. While utilities experience could be an asset, we have been directed simply to locate an individual with outstanding leadership and management skills.

This is a desirable, challenging opportunity to move into a highly visible role. Please respond in complete confidence, to R. E. McMonagle, 2300 Yonge Street, 18th Floor, Toronto, Ontario, M4P 1G2, quoting file #8322.

**TSK** Thorne Stevenson & Kellogg  
Member, Canadian Association of Management Consultants
