Help for Seniors

Dear Editor: We wish to express our sincere thanks to Fran Sainsbury, Marg Cosgrove and the gentleman from Canada Post for providing us with inside mail delivery - also Parkview Home and Parkview Apartments. It has been very dangerous for some of our senior citizens to venture outside to their mailboxes during the winter when the walks are icy. Fran has always been quick to respond when one of the citizens from our building phone her with a problem which they felt she might help solve. Thanks again Fran.

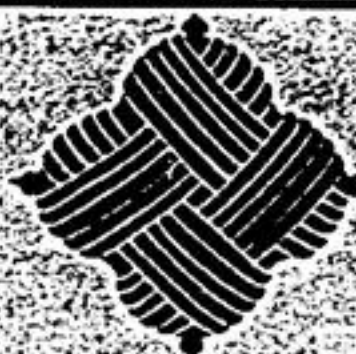

Sincerely,
 Gertrude Millar and Joy Byer,
 Elm Road Apartments,
 Stouffville

Queen's graduate

Adeline McDowell, daughter of Robert and Lillian McDowell, Uxbridge, graduated May 24, 1985, from Queen's University, Kingston, with a Bachelor of Education degree. Adeline has accepted a teaching position at North Toronto Christian School in Willowdale.

Yes, We Wood

Take A Bite

Out of your Heating Bills with Red Top Blowing Wool!

Don't pay more than you should for heating and cooling costs in your home. By insulating with Red Top Blowing Wool, you can minimize these costs for life!

WHY BLOWN WOOL?
 Red Top Blowing Wool is applied over your current attic insulation and is different than most blown insulations. It does not settle and the R Value we install remains unchanged year after year. Red Top Blown Wool has a lifetime guarantee. It is virtually unaffected by insects, rodents, and moisture. And, added fire safety is provided by Red Top's much higher than average (200°F) melting point.

LET THE GOVERNMENT "CHIP IN"
CHIP
 Give yourself full coverage from top to bottom and relax to the pressure of high energy costs. You and your family will notice the difference in home comfort. And be sure to take advantage of the government's (CHIP) Canadian Home Insulation Program for tax-able grants against the cost of labour and materials. (Used 2070 residential dwellings.) Funds for CHIP grants expire early in 1986. Act now!

DEAL WITH A COMPANY YOU KNOW
 Finally, you will be dealing with Lansing Bulldall for your installation. We'll make sure every heat losing area in your attic is eliminated, while doing a clean, economical job. And we'll make sure you have adequate ventilation too. Enjoy the security of dealing with Lansing Bulldall, a reputable, highly regarded firm - well established with a record of service to builders and homeowners for 35 years.
