Show concern urges parent

Dear Editor: I wish to thank you and your staff for the excellent coverage prior to and following the election.

For me, campaigning was a learning experience. I really came to know the people of Whitchurch-Stouffville.

It's surprising that Mr. Bowes and I, covering the same territory, experienced such different responses.

I met people in the new subdivisions who asked about the new school they were promised when they purchased their homes. I remember being promised a new school when we purchased our home seventeen years ago.

I met people who drive their teenagers to Scarborough high schools because S.D.S.S. does not offer the courses they want and need.

Some Summitview parents expressed concern over the electric wiring in their school.

Other parents, (I am one of them), voiced concern about the probability of grade eight students having to move to the high school.

It is common knowledge to parents and students alike that several fourteen and fifteen year olds were expelled from the last high school dance because they were drunk!

Stouffville, you have disappointed me. I really thought you cared about our children.

I hope you watch these problems and keep on top of them.

There is a difference between a businessman, (Mr. Bowes), and a parent, (me). It's called 'concern'. I hope your elected businessman will start to care.

Sincerely,
Daphne Goldman,
Elm Road,
Stouffville

P.S. With respect to our growing tax bill, prospective trustees recently received the following announcement. It reads: "Advance notice is hereby given that persons elected to the position of Trustee, Nov. 12, 1985, will be invited to attend a Trustee Caucus meeting to be held at THE THORNHILL GOLF AND COUNTRY CLUB at 6 p.m., Thurs., Nov. 21." Trustees, it seems, spend our money well!
