Town Carnival disappoints

To The Editor:

The Tribune published a Page 1 story in the issue of Feb. 12, telling readers about a Winter Carnival in the Town Park last Saturday.

Where was it?

My wife and I took our children to the Park area and found nothing, (of any interest), going on.

It appeared to us to be a ball tournament, (in the winter?), with a few other events tossed in. We were very disappointed and so were our kids.

The organizers should attend the Winter Carnival in Claremont and find out just what constitutes such an event. Yours was a joke but we didn't find it very amusing!

Sincerely,
 Vince and Isobel Cornan,
 R.R. 2, Claremont

Town council branches out

STOUFFVILLE — Councillor Jim Sanders is writing the terms of reference for the soon-to-be-organized Tree Committee.

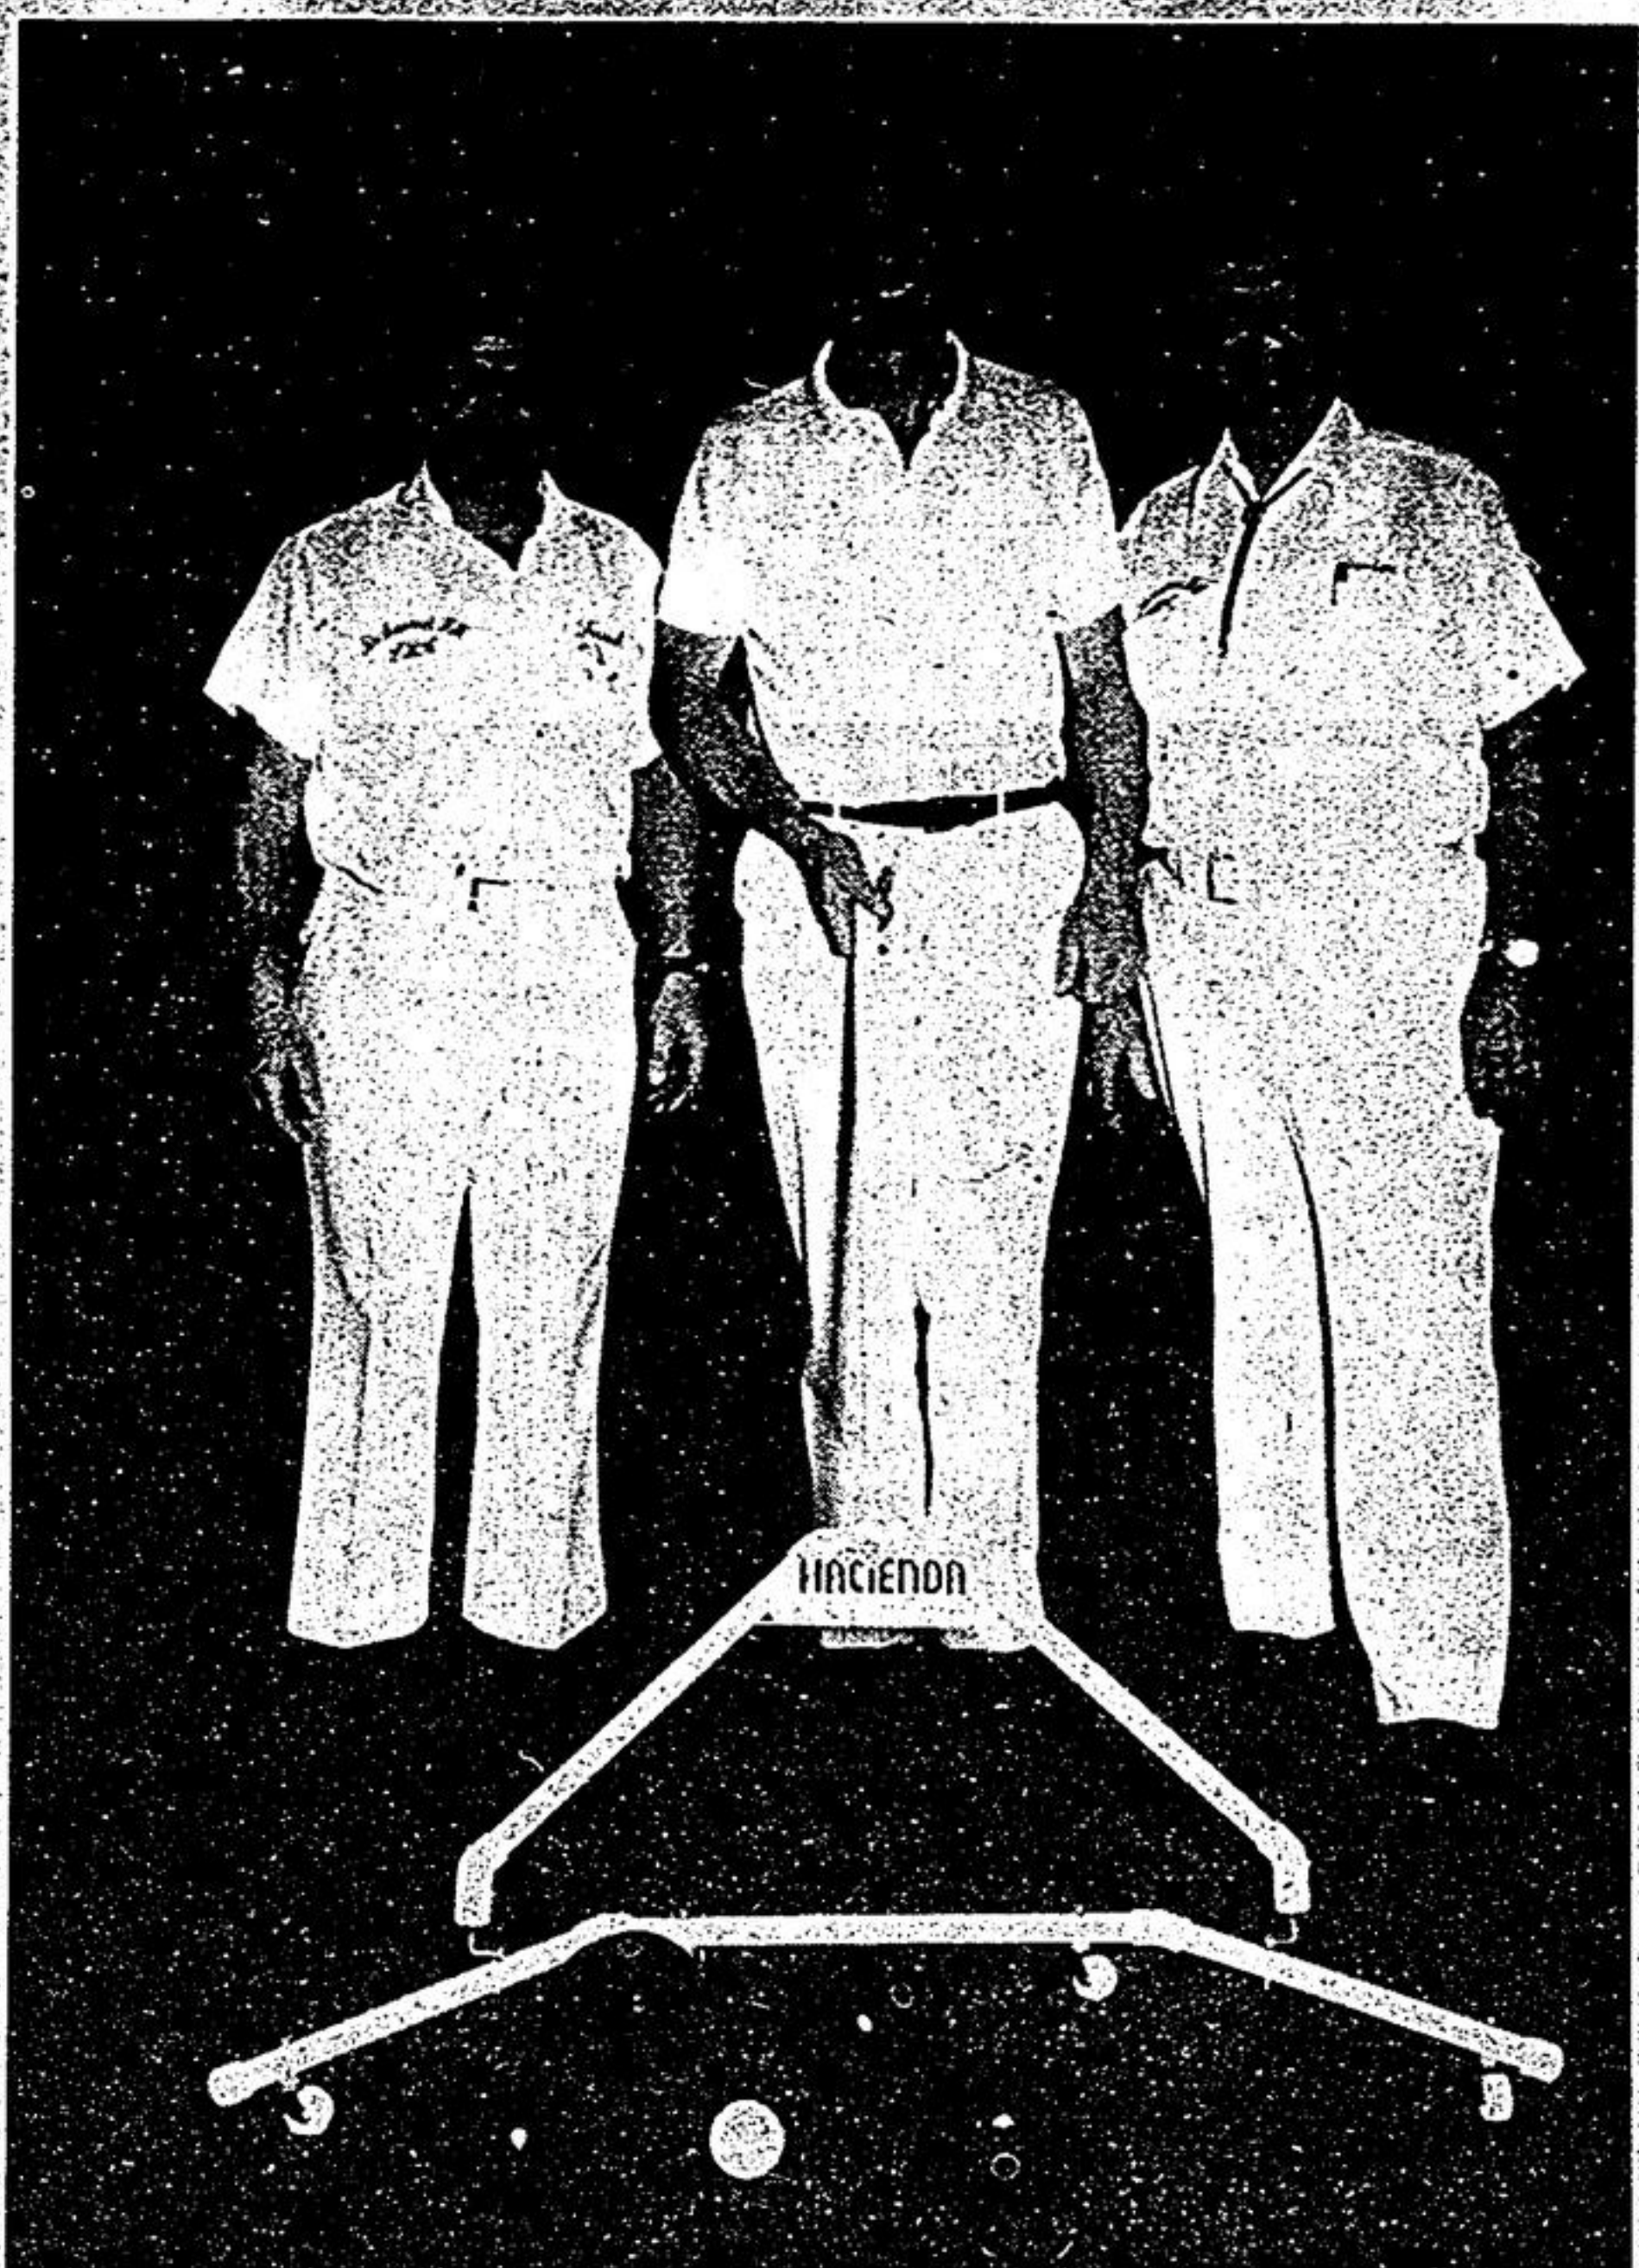

From his home, Mr. Sanders said this has been in the plans for over a year, adding "there's been a lot of interest expressed by the community."

Made up of area residents, the volunteer committee's task will be to survey the town's trees and decide which need replacing. The group will also be responsible for finding locations to plant saplings.

Eventually, Mr. Sanders hopes the committee will plant new trees before the existing older ones die. This would eliminate the barren appearance resulting from the removal of a tall tree to be replaced with a twig.

Town council is waiting to hear from concerned residents who want to help form the Tree Committee.

Bowling ambassadors

Stouffville resident in Las Vegas World Open

Daws Hare, (right), Burkholder Street, Stouffville, along with Frank Zzara, (left), and John Mulligan, (centre), both of Richmond Hill, were runners-up in the United States World Open

Lawn Bowling Championships. There were 64 entries with one rink coming from as far distant as Alaska. Mr Hare and partners each received \$400 prize money.

STELLAR IS
 CUSTOM-FITTED
 FOR WINTER.

BEFORE COMING TO CANADA, STELLAR PASSED A BATTERY OF COLD-WEATHER TESTS.

In winter, Kapuskasing, Ontario, freezes up like an icebox.

This was the perfect place to test the Hyundai Stellar. Before coming to Canada, a fleet of Stellars spent the winter here. They were left outside, unprotected, 24 hours a day.

The testing included 68 checks on the heating system.

Weekly inspections for salt corrosion and cold weather starts at -40°C.

Throughout the ordeal, Stellar performed beautifully.

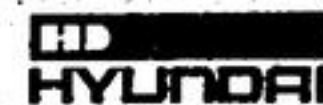

Stellar isn't afraid of winter. It comes with a heavy-duty battery and starter, rear window

defroster, factory rustproofing, bi-level heater with 4-speed blower, Michelin all-season, steel-belted radials...

All standard.

Put this proven car to the test. Pick a cold day and visit your nearby Hyundai dealer.
