Co-op education program becoming more popular

Dear Mr Thomas: Thank you for permitting me to use your company's name in The York Region Board of Education's first Co-operative Education pamphlet. Ten thousand of these will be distributed to schools, potential Co-op employers, parents, students, teachers, service clubs and other interested parties.

Your participation in Co-operative Education has given our young people experiences they could not obtain in the traditional school setting. Thanks for your support of Co-operative Education.

Sincerely,
D. Conrad-Knight,
Project Director,
Co-operative Education
York Region Board of Education
