'We Care'

Project 'We Care' sponsored by Canada's Food Service Industry raised over \$150,000 for The Easter Seal Society in its first two years.

Look for the we care logo in your favorite dining rooms, restaurants or cafeterias. Suppliers to participating establishments donate a percentage of food products used to Easter Seals. The more we consume in these restaurants during the month of June, the more the donation.

The Easter Seal Society is the oldest and largest of its kind in the world, serving physically disabled children and their families throughout Ontario.

This summer thousands of children with special needs will attend one of the Society's five summer camps.
