

# Respect all life---trustee

The following is a copy of a letter sent by Markham-Stouffville Hospital Trustee Jerry Young, 227 Main Street West, Stouffville, to M.A. Butcher, Hospital President and the Hospital Board of Trustees.  
Dear Mr Butcher:  
I was one of the Trustees elected in June 1985, that is, one of

those trustees who, for the past 12 months, has been openly branded by some members of this Board as a "Special Interest Group". Personally, I resent being referred to in this manner. I have many interests, one of which is the building of the Markham-Stouffville Hospital.

I am fully aware that the so called "special interest", often referred to, is really an interest in the welfare of unborn babies. I make no apologies for being pro-life because I know that life begins at conception, and that abortion destroys that life.

Even though this point of view seems to arouse great concern among some members, I do not believe it should be detrimental to my sitting on this Board.

I would like to assure the President, Chairman and all Members of this Board that my prime consideration is the construction of a first-class Community Hospital, one in which all life will be respected. I plan to fulfill my commitment to this end.
