Notes and Fair Treatment Promise

To validate any no-charge repair or replacement, simply present your original Bill of Sale (or a copy). Guarantees apply to all types of residential applications. Guarantees for commercial and industrial use are available individually. This warranty is not a modification of, but an addition to any provincial statutory warranties in effect. This warranty is not transferrable, nor is Beam of Canada Inc. responsible for consequential damage.

Abuse, misuse, damage, use of extension cords over 3 m (10 ft.) long or under 16 gauge wire, tampering or alteration by non-authorized service; or failure to follow operating and/or installation instructions as outlined in the Beam Homeowner's Manual and Installation Guide will obviously nullify the guarantee. However, at all times you can buy Beam with total confidence. You will always be treated fairly – and that's a promise!
