**Stain Resistance**  
ANTRON PLUS is a specially treated nylon that has greater resistance to stains than conventional nylon. Liquid spills are not readily absorbed, so they're removed simply and easily.

**Built-in Static Protection**  
Carpet made of ANTRON PLUS eliminates annoying static shocks—even in cold and dry weather.

**Lasting Beauty**  
Since carpet made of ANTRON PLUS is easier to keep clean, it performs better than most other carpets.

**Soil and Dirt Resistance**  
The shape of ANTRON PLUS fibre is engineered to resist soil and dirt. Because of this special shape, soil and dirt are less likely to remain trapped—and easily removed with regular vacuuming.

Indulge in a pastel saxony or a rich velvet plush—when it's made of ANTRON PLUS your carpet will stay beautiful looking longer. Canadians from coast to coast prefer carpet made of Du Pont ANTRON.
