

# THE LOGICAL CHOICE

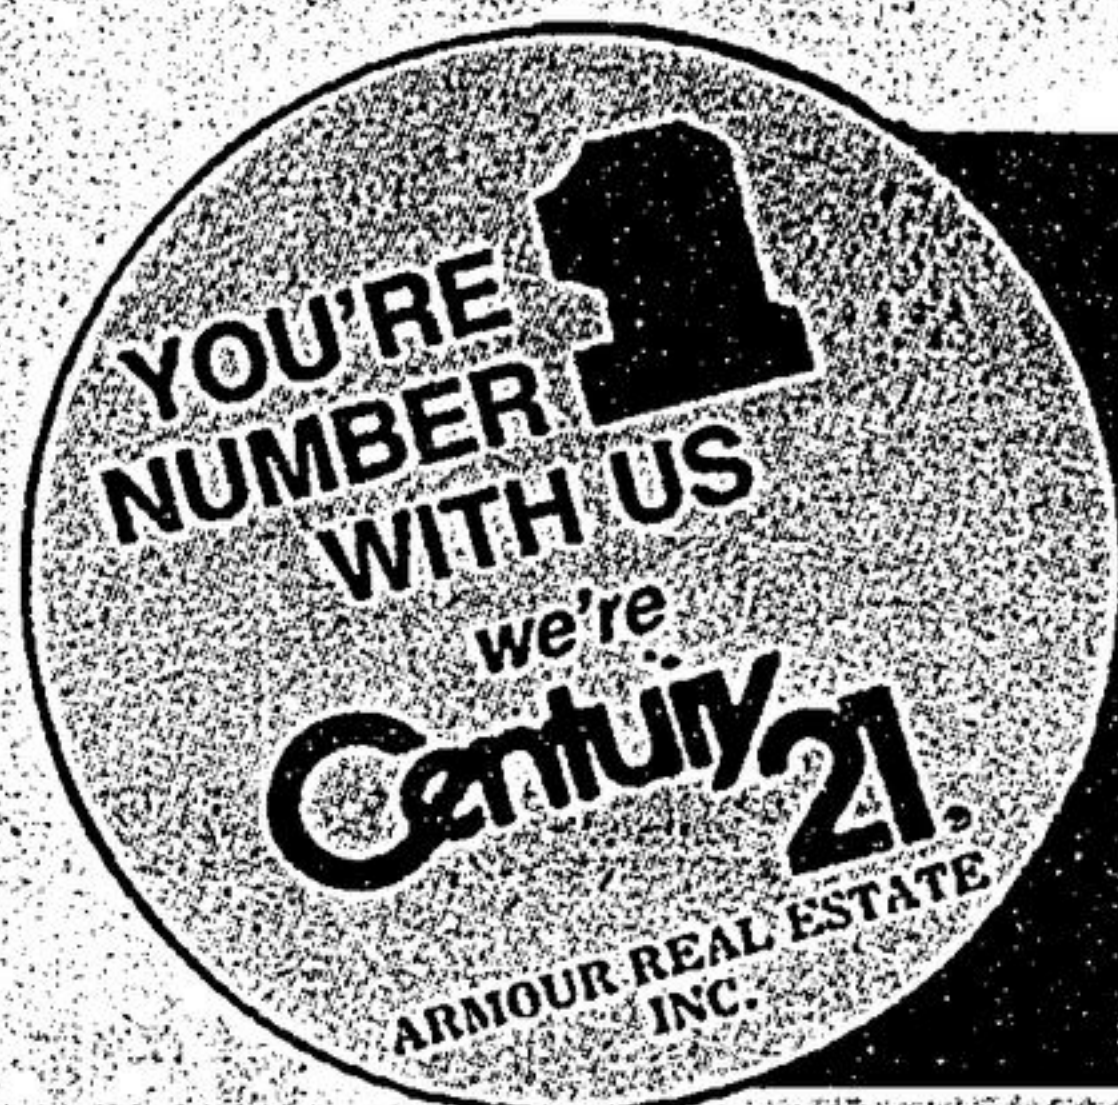

The Buying and Selling of Real Estate could be the most important business transaction of your life, so make it easier for yourself by choosing the right Real Estate Broker. In this volatile Real Estate Market you should be sure to get the best value for your money. So don't be misled by cut-rate commission come-ons or limited service brokers who do not have the resources to ensure you get the best deal.

When choosing a Real Estate Broker, many people count the number of signs in a neighbourhood, ask their friends or look for the most dominant advertising in the local newspaper. In this area you'll find that Century 21 Armour has more signs, more buyers, more advertising and we are committed to offering and delivering the most comprehensive real estate services in the Markham area.

We've built our reputation on neighbourhood know-how, professional integrity and friendly, efficient service.

We're Century 21 Armour Real Estate.
