Rollin' right along

Tribune carrier Jason Clements of Uxbridge has devised a novel and efficient way to deliver his papers. The 11-year-old Balsam St. resident uses a wheelbarrow, much to the delight of sisters Sarah, 10, and 8-year-old Megan who often go along for the ride. Jason, son of Roy and Karen Clements, has been a paperboy for about a year and delivers 100 Wednesday Tribunes and Weekenders along Brock St.

Is your child safe?

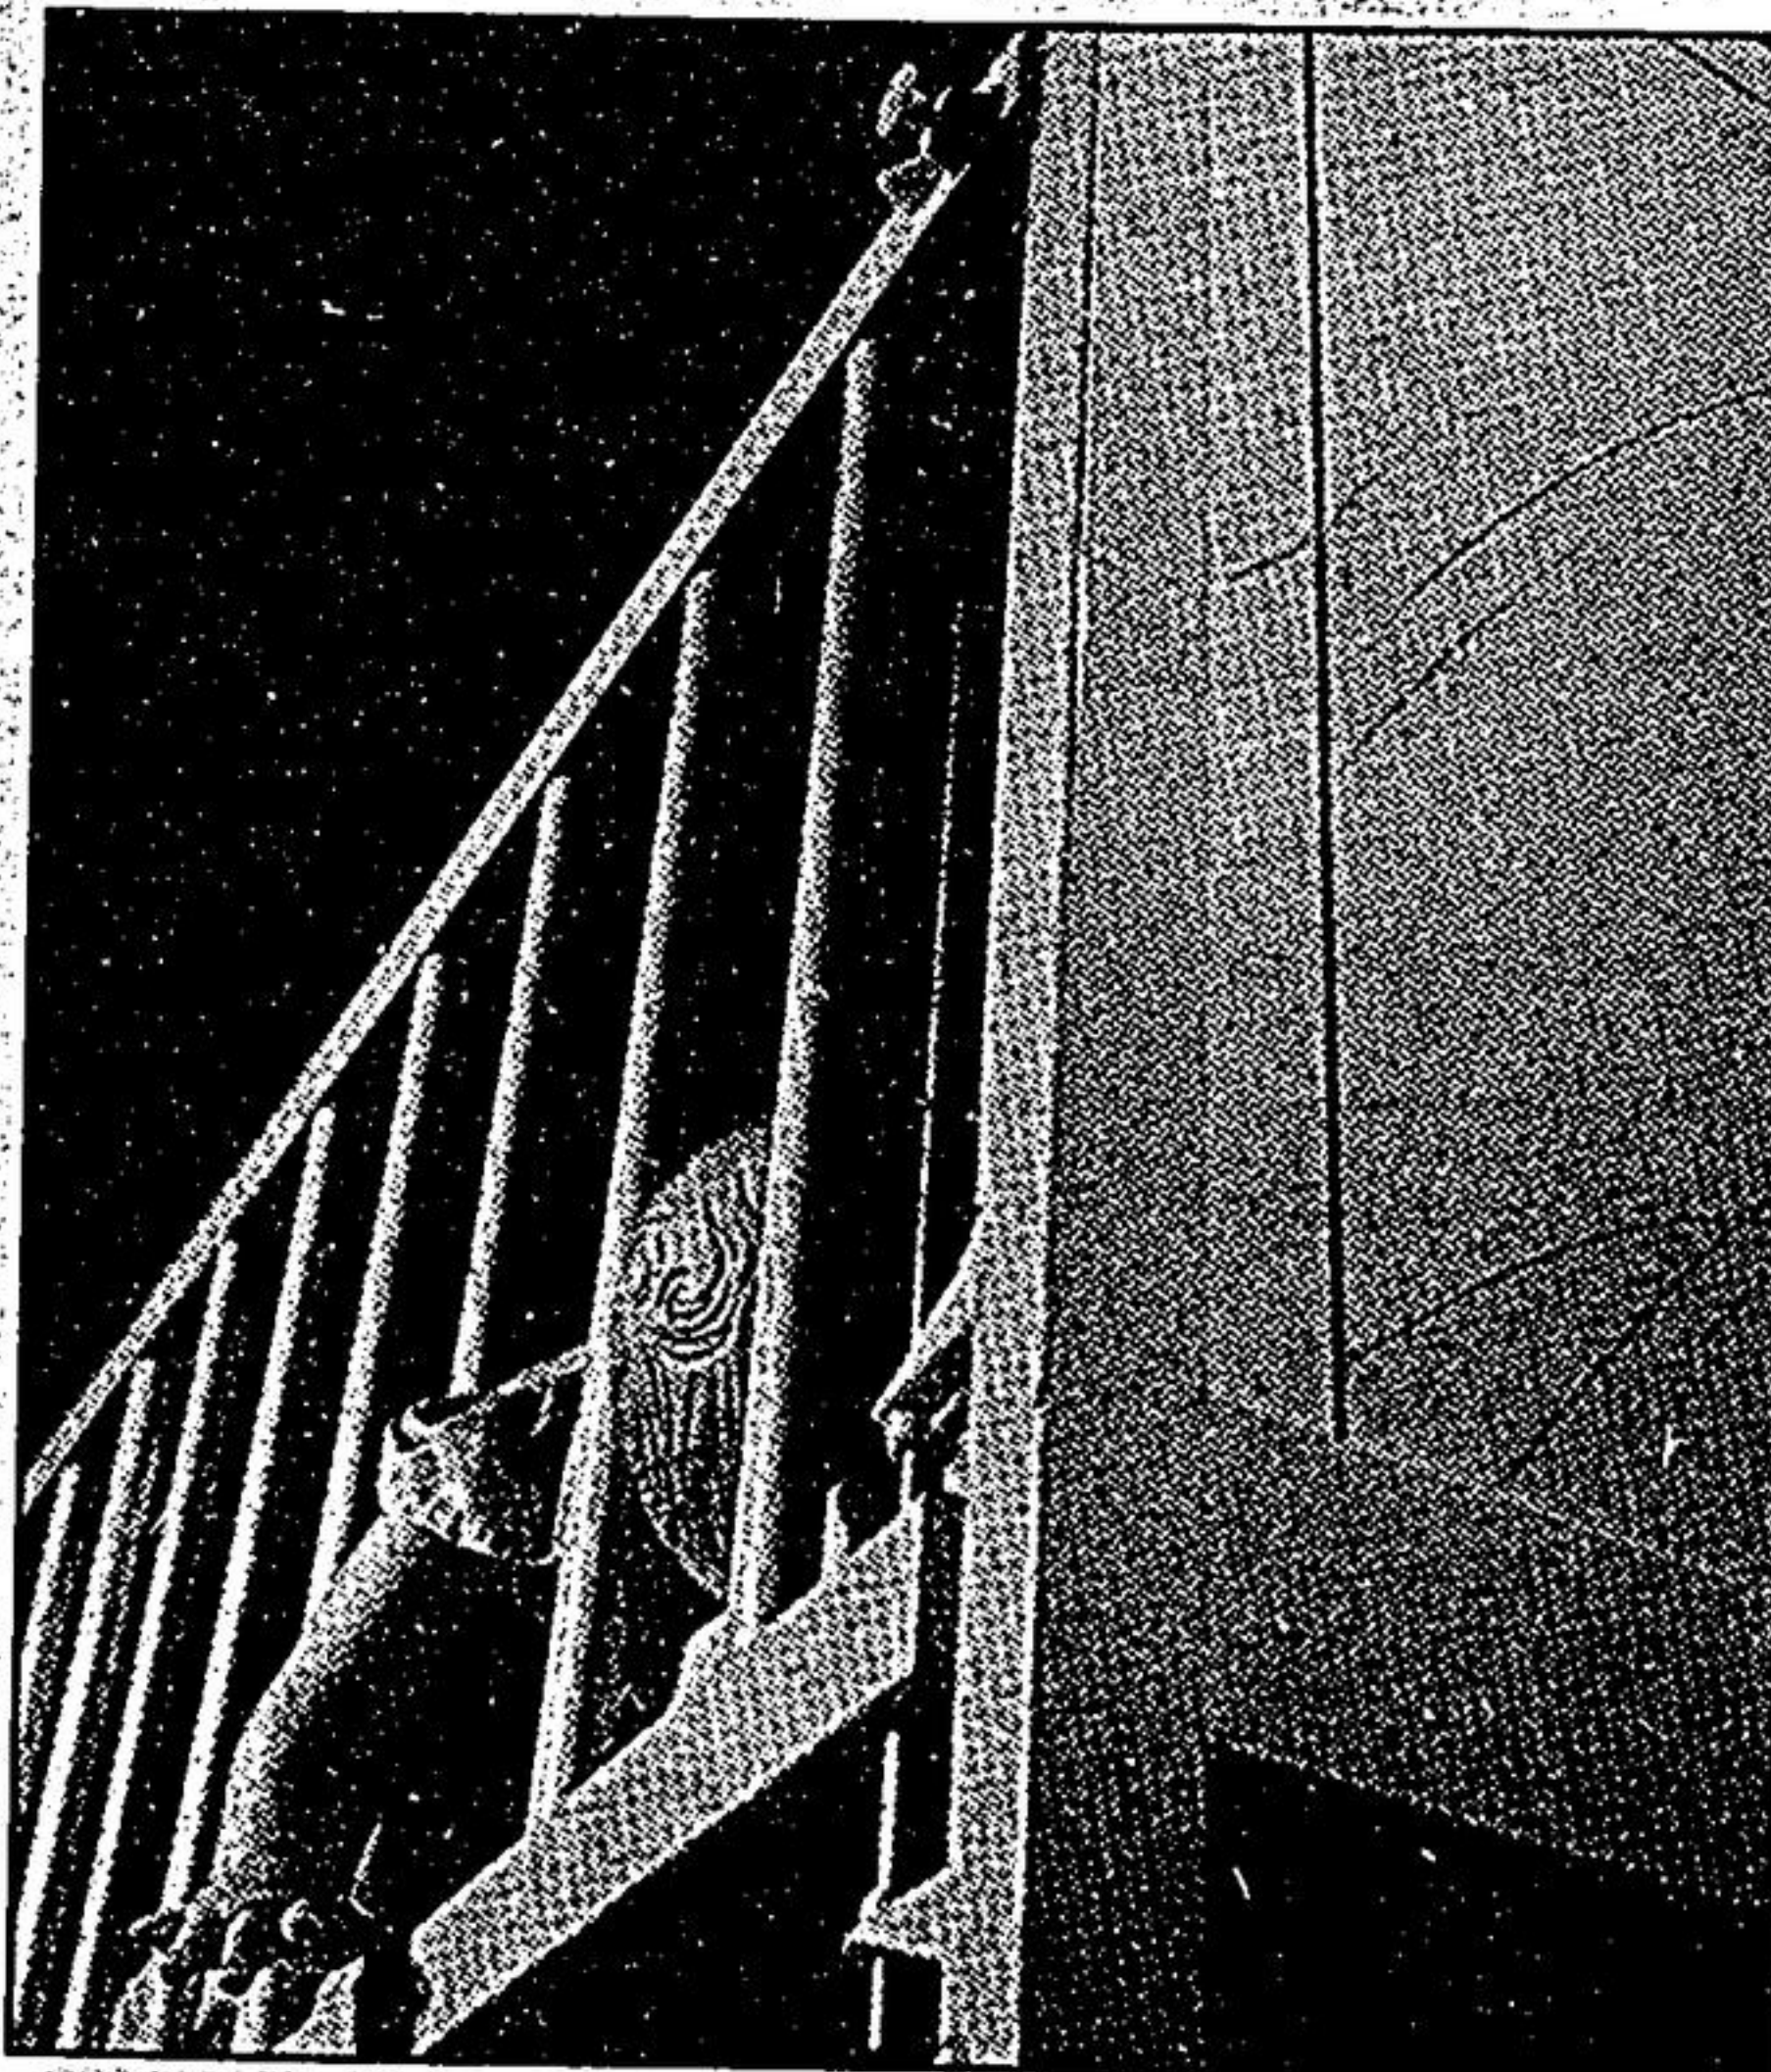

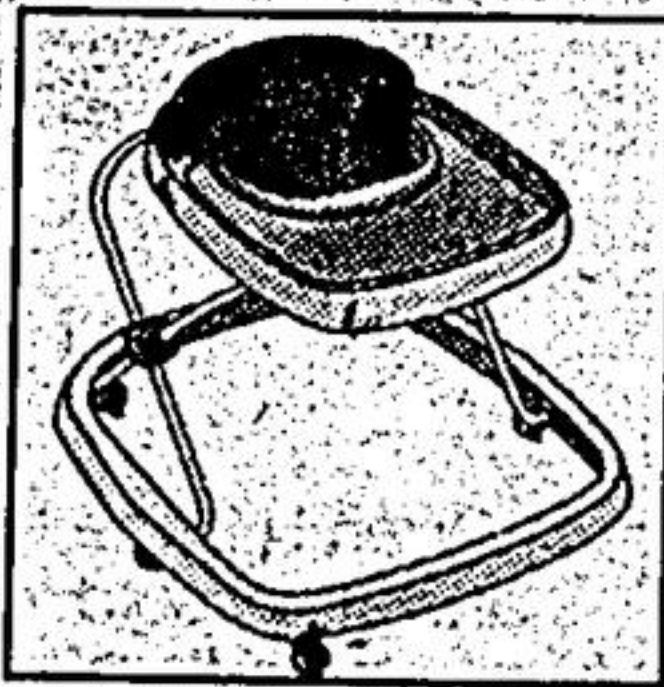

Each year thousands of children become victims of accidents in and around the home. You can reduce your child's risk of injury by ensuring a safe environment.

The federal government passed stringent new safety standards for cribs last fall. Make sure you select a crib that meets all safety standards, and keep it in good condition.

Remember that children's sleepwear and clothing can burn easily and that your child should not play near fireplaces, stoves or heaters. Polo-style pyjamas are safer than loose fitting nightgowns.

Provide close supervision if your child uses a walker, especially near stoves and electric cords, and ensure that stairways are closed off.

For more information on how you can protect your child, please contact the nearest office of Consumer and Corporate Affairs Canada.
