GEORGE ASHE X

• **George Ashe is a Strong Voice** advocating control of government spending — by investing instead of trendy spending, deficit reduction over mortgaging the future. An absolute priority is planning ahead to assist growth in a dynamic private sector.

• **George Ashe supports** a freer trade agreement with the U.S. We must not lose our chance to secure Ontario's economic future from the increasing mood of protectionism in the U.S.A.

• **401 Widening:** George Ashe would strenuously push to advance the scheduled widening of the 401 from Metro East to Brock Rd. We need this expansion to Westney Rd. NOW—not at the turn of the century.

• **Educational Priorities:** The Ontario Liberals, contrary to their 1985 election promises, have dramatically reduced the provincial share of Educational costs.

George Ashe will fight to reverse this damaging trend. The Peterson hand-out for elementary school staffing will do nothing to relieve the overcrowding of schools in Ajax and Pickering. 430 portable classrooms in Durham this September is unacceptable.

George Ashe relates to the concerns of his constituents, regardless of government jurisdiction — Door to door mail delivery is a must for all in Durham West. — Support Services must keep up with our residential growth.

— George Ashe is actively promoting the need for Express Go Train service direct to Union Station.
