IN 1984, HYUNDAI MADE TWO PROMISES.

WE KEPT THE FIRST AND NOW WE'RE KEEPING THE SECOND.

When we came to Canada, we promised you value.

We delivered it in Hyundai Ponys, Stellars and Excels with more no-extra-cost quality features than anything else in the same price range.

We also promised long-term owner satisfaction.

And we mean it.

We want you to feel as good about your Hyundai today as you did when you bought it.

So we're introducing the Hyundai Quality Reassurance Program.

We've identified a list of components that might possibly need attention as your car approaches middle age.

And we've instructed our dealers to take care of anything on that list which should be repaired or replaced.

At our expense.

It's a program for everyone who owns a 1984, '85, '86 or '87 Hyundai Pony, Stellar or Excel which was registered as a new car any time within the last 36 months and which has been driven less than 60,000 km.

Next time you take your car to a Hyundai dealer for servicing, every component on the list will be checked. Necessary repairs and/or replacement of the items listed will cost you nothing.

Nothing for parts. Nothing for labour.

Please understand that this is not a model recall.

It's reassurance which you probably don't even need.

It's our way of letting you know that at Hyundai, we keep our promises.

HYUNDAI
Cars that make sense.

The Hyundai Quality Reassurance Program covers '84, '85, '86 and '87 models for 36 months or 60,000 km (whichever comes first) from the date of initial purchase. It applies only to cars which have been responsibly serviced and cared for. Only genuine Hyundai parts and components will be repaired or replaced under the Program. Work which has already been completed prior to September 1, 1987 (in or out of Warranty) is not covered in the Program and will not be reimbursed. Cars which have been used as commercial vehicles are excluded. This Program does not preclude or supersede warranties purchased by customers.
