ARCHITECT DESIGNER TECHNICIAN

Well established North Toronto Architects office, requires a person with highly developed skills, acquired during a minimum of 10 years post graduation experience, 5 of which should have been in Canada.

The main thrust of the offices' activities are in industrial and school projects and first hand knowledge of their construction technics are essential.

The office is on the brink of computerizing it's design approach and this position would provide an excellent opportunity to become involved in this area or hone skills already gained.

To discuss the position available and arrange an interview, call:
