COMING NOVEMBER 18

BOOKING DEADLINE NOV. 11th

In November 1983, Terri and Valerie opened the Markham Center. After struggling with their own weight for many years, the girls finally found the perfect solution in the Diet Center Program — a program that offers sound nutrition and private daily counselling. Also, they stress that it can take a full year or more to learn how to maintain your new weight. At Diet Center, they expect to see their clients for at least one year on the Maintenance Phase, after having reached goal, and completing all other Phases of the Program.
