"WHY WOULD ANYBODY WANT MORE HOT WATER?"

"Since Hydro installed an electric water heater, I'm up to my ears in hot water and that means more baths. I hate baths! Before, there was never enough hot water but now there's lots of it."

Capacity

Up to 40% more hot water than gas! Electric water heaters give you all the hot water you need when you need it.

Flexibility

Electric water heaters are ideal companions to high efficiency furnaces since neither need chimneys. Electric water heaters can be located anywhere in your home and are available in two sizes...

Efficiency

With their direct heating ability, electric water heaters are 100% efficient in heating the water. And, with their excellent insulation, they keep the water hot up to 4 times more efficiently than gas.

Remember, no matter how you heat your water, it pays to use it wisely.

Let's Honour Our Friends and Neighbours

We all know people who deserve special recognition for what they've done for our community. They seldom seek recognition — they just seem to make sure that what needs doing gets done.

The Celebration 88 Awards program makes it possible for us to participate in the selection process. Should you wish to nominate someone in your town or city, please do so.

You can make your nomination by phoning the office of your Member of Parliament, Mayor or community leader and asking for the name of your local Celebration 88 Awards Co-ordinator. Then contact the co-ordinator and either pass on your nomination verbally or, if you prefer, by filling out and delivering the nomination form.
