

Terri & Valerie
254A Main St. N.
Markham

471-4500

In November 1983, Terri and Valerie opened the Markham Center. After struggling with their own weight for many years, the girls finally found the perfect solution in the Diet Center Program — a program that offers sound nutrition and private daily counselling.

Also, they stress that it can take a full year or more to learn how to maintain your new weight. At Diet Center, they expect to see their clients for at least one year on the Maintenance Phase, after having reached goal, and completing all other Phases of the Program.

JO ANN STEVENSON

Economist & Sun

294-2200

Jo Ann Stevenson is News Editor of the Markham Economist and Sun, a position which anchors her firmly in the community in which she lives. Prior to joining the management of the Economist, Jo Ann freelanced for several daily newspapers and magazines and edited two national magazines. Her placement with the Metro-land chain was a homecoming, in two respects. She was a reporter and editor for the company's Mississauga paper before moving to Markham six years ago. Also, the Economist is a mere four minutes from home. This fact pays dividends when it comes to family life — husband Jim, two teenaged sons and community involvement. Jo Ann truly enjoys the pulse of the newsroom and familiarity with people and issues in Markham.
