

Rick Johnson back for third attempt at seat

A determined Rick Johnson has announced his candidacy for the vacant Ward 3 regional seat in Pickering.

Mr. Johnson ran a high profile campaign for the same seat, placing second to Norah Stoner in 1985.

"It's no surprise," said Mr. Johnson in a press release, "most of the issues of the last election remain unresolved. All the hype and rhetoric condemning the Metro dump issue has done nothing to ease the threat to the health and quality of life of South Pickering

Mr. Johnson promises to be as determined in office as he was in seeking election.

families. And now Metro is eyeing vacant federal lands in North Pickering for an even larger landfill site. It's time to stop Metro dumping now."

Mr. Johnson feels local and regional government must tell Metro no necessary services will be provided for any further landfill operation in Pickering, and that it's time for Metro Toronto to bear responsibility for their own garbage.

"The tragic condition of roads throughout North Pickering points to inadequate representation on council," he said. "The 9th line, through to Claremont, and west is a disgrace to the Region of Durham. Unpaved sideroads are virtually unserved and cause untold expense in vehicle repairs to residents who must access them regularly."

Rapid growth in South Pickering has created traffic conditions that are not compatible with the needs and desires of the residential communities, he stated. The Metro East Trade Centre Sunday flea market continues to promote the violation of basic rights of the Village East Community residents.

"It's time for an elected official to stand up and fight for the issues

that effect every resident of Ward 3," he said. "This is the third time I've presented myself for elected office in Pickering. I want the people who vote for me to have the confidence I will be as determined and tenacious when sitting on council as I've been in seeking public office."
