

Angela Tucker of Ballantrae has established a unique exercise and nutrition program especially designed for children three to five years. Mrs. Tucker is opening a studio in the Markham-Unionville area and will expand her service to include Whitchurch-Stouffville if there's sufficient interest.

Fitness, nutrition classes are planned for children

Children and Teddy Bears go hand-in-hand; literally and figuratively.

What better name then for a new child's fitness program cal-

led 'Teddy Bear & Me Workouts'. The originator of this unique children's exercise class is Angela Tucker, Felcher Blvd., Ballantrae.

Registrations are being

accepted Sat., Jan. 25 from 10 a.m. to 2 p.m., at Crosby Memorial Arena, Unionville. If there's sufficient interest in Whitchurch-Stouffville, a similar program will commence here.

The contact number is 640-6567. Mrs. Tucker, a one-time professional dancer, high school cheerleader and gymnast, will combine exercise instruction with nutrition thus children learn the value of agility, co-ordination and strength.

"Teddy Bears break the ice," Angela explains, "there's constant inter-action."

The program's so enjoyable, the children look on it as fun, not work, she says.

The age range is three to five years.

Surprisingly, most children are not really fit, Angela claims. There's good reason for this, she points out. They spend too much

time in front of television sets and don't walk all that much any more.

Schools, she says, don't have sufficient time for active physical education, she claims.

Mrs. Tucker, mother of twins Christopher and Sean, five, and Lisa, 13, says priority today is placed on fitness for men and women. "This should begin at a younger age; then it becomes an enjoyable way of life."

Angela has introduced her fitness routine to the kindergarten class at Ballantrae School with excellent success.

Her work there is volunteer.

The children and Teddy Bears interact to specially designed songs and routines, Angela explains. The name 'Teddy Bear & Me Workouts' is properly trademarked and registered.

The registration fee for ten-hour lessons is \$75.

Ceremony support much appreciated

Dear Jim:
On Dec. 22, 1987, all residents of Whitchurch-Stouffville had an opportunity to 'Share The Olympic Flame'. For those who did, it was truly a memorable event.

I personally wish to thank the Olympic Torch Committee for their tremendous support; John Seymour of Petro-Canada; the Stouffville Lions Club; the Friends of the Museum; the Municipal Staff; the Brownies and

Venturers; the chorus from Music Mania; participation by local schools and the press.

Without the assistance of these individuals and groups, this event would not have been the success that it was.

I am proud to be a Canadian and a resident of Whitchurch-Stouffville.

Sincerely,
Marlane McKee-Wetheral,
Manager of Recreation,
Town of Whitchurch-Stouffville

Kennels under review

WHITCHURCH — Are there too many dog kennels in Whitchurch-Stouffville? Should there be more? Where should they be located? How should they be licensed? Should there be more control over the issuing of dog kennel licenses?

These are issues that have come before Town Council recently.

The whole subject of dog kennel operations is under review by the Town Planning Department.

With respect to kennel license fees, Clerk Co-ordinator Pat Muir said the current charge, set by the province, is \$25 per license.

A public meeting is planned to discuss the issue further.

The Commissioners have been notified by Ontario Hydro that wholesale electricity rates to Whitchurch-Stouffville Hydro will be increased by 4.7 per cent as of January 1, 1988.

As a result of this increase, which is a major portion of our expenditures, and the continuing up-grading of a large section of our service area, as well as our commitment to Main Street re-vamping, Ontario Hydro has given their approval to a rate increase to our customers of an overall average of 7 per cent, effective from January 1, 1988.

Bills for all customers will be calculated on a proportionate basis in order that energy consumed prior to January 1, 1988 is billed at 1987 rates. Energy consumed on and after January 1, 1988 will be billed at the new rates.
