Tommy's teachers always said he could do better. Sylvan showed him how.

Like many students, Tommy was smarter than his grades suggested. For some reason, he just wasn't doing as well as his teachers, and parents, knew he could.

For a while Tommy managed to get by. But then he started slipping. When his math class moved on to more advanced problems, Tommy couldn't—he hadn't learned the basics.

At Sylvan we know how important those basic skills are. We've helped thousands of children master the basics of reading and math, and go on to fulfill their potential. We can help your child. In fact, we guarantee it.

The Sylvan Guarantee
 Your child will improve at least one full grade equivalent score in math or reading skills after 36 hours of instruction, or we will continue up to 12 additional hours of instruction, at no further cost.

Your child can begin to do better—today.
 Learning problems don't go away by themselves. But they can be solved. If you feel your child could be doing better, let Sylvan show him how. There's a Sylvan Learning Centre near you. We offer a flexible schedule of after-school hours and require no long term commitments. Why not call today for more information?

Call today for more information. There's no obligation.

STEELES PLAZA 390 STEELES AVE. W.
 (Between Yonge & Bathurst) 2nd Floor, Thornhill
764-MATH
 Ellen Feldman, M.Ed., Executive Director

Sylvan Learning Centre.
 Because success begins with the basics.

Measurement will be based on a nationally-recognized achievement test for improvement in either reading comprehension or vocabulary or math computation or application.
