

Unionville Jets represent Canada

CHRIS GERVAIS ADAM KERR

The Unionville Wade Engineering Major Peewee Jets will be looking to bolster Canada's reputation as a hockey power this weekend at the 29th annual Quebec International Peewee Hockey Tournament.

The Unionville squad was selected to represent the country in the international division of the 100 team tournament in December.

The Jets open the tournament playing Czechoslovakia on Sunday. The Czech team is the first minor team from behind the Iron Curtain to play in the west.

An estimated 17,000 fans will be on hand at the Quebec City Coliseum to see the Unionville club play.

In order to advance to the championship round, the Canadian representatives will have to battle teams from the United States, Switzerland, Germany, France and two host teams from Quebec.

The Jets have worked hard to make the trip possible. After being selected from over 200 submissions, the Jets sold plastic bags and held bottle drives to raise the train fare to Quebec City.

The Jets bring impressive qualifications to take on the international teams. The team won the Silver Stick for Minor Peewees last year, and took the all-Ontario title for AA Peewees. This year the team triumphed in the Markham Winterhawk tournament.
