## SAVE \$300<sup>00</sup> BEFORE APRIL 1st/88

I'll just bet you'll be glad to see the last of this winter.  
 Yes! But summer is just around the corner.  
 Remember last Summer? All those hot sticky nights... I'm so glad I had conditioning.  
 I knew - I waited too long. The prices went up and there was a shortage of equipment.  
 Don't get caught this year! If you buy in the spring you can save \$200<sup>00</sup>.  
 You're right! If I'm going to buy anyway, I may as well order it now and save some money!  
 That's not all - you can finance it through Ontario Hydro at 8.9%.  
 What? That's cheaper than the bank. How much do you have to put down.  
 Noting! Just you better hurry! As of April 1st, the rate changes to 12.75%.  
 Wow! I'm going to call right now and take advantage of spring savings and 8.9% financing.  
 SUMMER...  
 Moral: Just in case you've been 30° last night... How'd you sleep?  
 Great! My family is so happy I installed central air this spring!
