

'The Proverbs' head sacred music service

'The Proverbs', a renowned gospel recording group, will headline a sacred music concert, Sat., April 9 at 7:30 p.m., in Uxbridge Baptist Church. The quartet includes Dave and Kathy Daw; Susan Daw and Steve Olmstead. In a single year, 'The Proverbs' make close to 200 personal appearances. They've released more than 14 albums. Sharing the evening of gospel music will be 'The Vocal Impressions' of Pickering. No tickets are required. A free-will offering will be taken.

Fast food contents unknown

STOUFFVILLE — Should all the ingredients that go into the making of a McDonald's hamburger or a Harvey's milkshake be identified?

Councillor Jim Sanders says 'yes'. Councillor Wilf Morley replies 'no'. The debate occurred March 25 in response to a resolution from the City of Chatham that read in part:

"That the Hon. Jake Epp, Minister of National Health and Welfare be petitioned to use his good offices to convince his colleagues in caucus that legislation should be enacted requiring all food sold in fast-food outlets, restaurants and catering services contain labels listing all ingredients contained in the food being offered for sale."

Councillor Morley said such disclosures could raise food prices and cause a hardship to families whose only treat is a hamburger at McDonald's.

Councillor Sanders argued that patrons with allergies could consume certain foods without knowing the ingredients and die.

Councillor Margot Marshall said she'd seen the issue discussed on CBC television and while undoubtedly worthwhile, the cost could be excessive.

Tandem takes an award

Tandem Computers Canada Ltd. of Markham has won the Hanover Faire "Good Industrial Design" award of 1988 for their NonStop CLX systems, PSX workstations, and the V80 Disk Storage Facility.

This is the third consecutive year that Tandem has won this Hanover Faire award.

This award is presented annually by an international jury of design experts for various areas of achievement including: quality, practicality, and individuality.

Tandem manufactures and markets computer systems and networks for the on-line transaction processing marketplace, as well as maintaining sales and service offices across Canada.

Tandem is the originator of NonStop systems, the first commercially available computer designed to operate around the clock.

The Tandem products which have previously received the award include the NonStop VLX and NonStop EXT10/25 systems in 1987 and the X18 Disk Storage Facility in 1986.

The products that received the 1988 awards will be on display at the Hanover Faire for Industrial Technologies, May 20 to 27 in Hanover, West Germany.

JO ANN STEVENSON

Economist & Sun

294-2200

Jo Ann Stevenson is Managing Editor of the Markham Economist and Sun and Weekender, a position which anchors her firmly in the community in which she lives. Prior to joining the management of the Economist, Jo Ann freelanced for several daily newspapers and magazines and edited two national magazines. Her placement with the Metroland chain was a homecoming, in two respects. She was a reporter and editor for the company's Mississauga paper before moving to Markham 8 years ago. Also, the Economist is a mere four minutes from home. This fact pays dividends when it comes to family life — husband Jim, two teenaged sons and community involvement. Jo Ann truly enjoys the pulse of the newsroom and familiarity with people and issues in Markham.
