

Before a large audience of appreciative parents, The Uxbridge Skating Club held its season-end recital March 30. Checking the program with 15-year-old Tracy Taylor of Brock Street is Rebecca St. John, 4, daughter of Brian and Nancy St. John, First Avenue, Uxbridge.

End of a great season
Ten-year-old Sara Dart, daughter of Bill and Rita Dart of Udon and formerly of Stouffville, strikes a pretty pose in her solo finale Thursday. Sara's sparkling performance was enthusiastically applauded.

AMAZING ALL PURPOSE PLANT FOOD WITH CHELATED IRON & MAGNESIUM PROFESSIONAL RESULTS FOR PLANTS & LAWNS

Hi, My name is Tim Bucknell... I have been involved with Horticulture and Agriculture all my life, of which the last eleven years have been with White Rose Nurseries Limited. As farm Manager at the Nursery Farm in Goodwood, I am personally in charge of all Rose and Fruit Tree production.

At our Festival of Roses in July, the public were amazed to see 300,000 perfect Rose bushes growing in sandy soil, in such a northerly location. What is the secret formula for feeding? they ask.

IRON PLUS is the answer! It is the only fertilizer they receive. In fact, the high quality of plants throughout the Nursery is maintained through the use of IRON PLUS. It is used as an amendment to the potting soil, as well as direct applications to plants throughout the growing season.

Years of experience and continuous testing have shown me the high quality which can be obtained through the use of IRON PLUS. It is great for my plants... It will be great for your lawn and garden!

Dollar for dollar, pound for pound, IRON PLUS will out perform anything else you can buy... Try it! You will be amazed at the results.
