

Have Your Say:

Do you think the present pedestrian crosswalk on Main Street, Stouffville, serves a useful purpose?

Andrea Rennie
 "Yes I think it serves a purpose. It's safer for people to cross there. But I guess on Saturdays it causes problems because of all the traffic. It's a good location right in front of the stores."

Tammy Lawrenson
 "Yes I guess it does because Main Street is so busy it gives people a place to cross. But moving it to an intersection may be a good idea. They should probably put one near the A&P Plaza. I've seen a lot of accidents there."

Mark Rennie
 "It's safer to cross at the lights for the older people. Cars don't have to stop in the middle of the road to let them cross."

Melanie Hall
 "Yes I do because of the amount of traffic in the area. With so many cars it gives the people a chance to cross at the lights. I don't think it needs to be moved."
