

Have your say

Question: Do you think that Stouffville should continue to grow or should it remain the same size?

Hilde Holst
It should grow, so it will become more modern. The mall is nice and we should have more things like that.

Gail Beckett
I wouldn't like to see it much larger, because of the negative effect growth would have on farming. This is good farming land around here and we don't want to lose that bread basket.

Alan Gaston
Growth is always a good thing. Otherwise you stagnate. But I think they should hook up to the big pipe before they do anything — that would regulate growth better.

Brenda Howell
I'm not against a little bit of growth, as long as they make a bypass so traffic doesn't go through the downtown area. Main Street Stouffville is far too busy now.
