

Warm weather hits them hard

As the days get warmer (and the days seem to be getting longer), a definite laziness settles upon SDSS.

Students were out in the sun this past week, discussing such trivialities as the Blue Jays, suntan lotion and swimwear. Classroom attendance plummeted as getting a good tan became everyone's priority.

Such was the scene at SDSS until last Tuesday evening, when hark! What sound over yonder Edward Street break? It is that of two Greyhound buses packed with music students... could this mean...

Yes folks, this week at SDSS witnessed the second leg of the annual band exchange, in which several music students from Olean, New York visited us here in Stouffville.

Returning the visit we paid them earlier this month, our friends arrived at Stouffville High late Tuesday evening to a hearty welcome.

Their itinerary included a shopping spree at the Eaton Centre, a trip to the world's tallest free-standing structure (otherwise known as the CN Tower) and an optional visit to the ever-fascinating Ontario Science Centre.

Billeted here in Stouffville, the exchange students were also privy to a home-cooked pot-luck dinner and a dance at Stouffville High.

But the highlight of their brief two-day stay must have been the

concert held Wednesday night. Playing to an appreciative audience, the students from Olean proudly performed several of their finest pieces. They were then joined by the music students of SDSS, and together they played professional sounding renditions of *Solid Gold Revival* and *We Are The World*.

But let's hear from the students themselves. What was the best part of the exchange for you?

"Well, I really enjoyed getting to know my billet and his friends," replied SDSS senior Sean (Yes the triangle is a hard instrument to play) Souter. "It was fun to meet different people with similar interests."

Yes, one of the more enjoyable aspects of the band exchange was the chance to meet new people and make new friends. Undoubtedly, several of these friendships will endure into the future.

So there you go. One successful band exchange and several friendships extending across the border. Information regarding the destination of next year's trip, or even why the choir didn't go to Olean, is still uncertain.
