

QUESTION: Do you think a movie theatre would be supported in Stouffville?

Tom French
Yes. It would give people more entertainment choices during week nights.

Jackie DeLegan
I think there should be one. I don't think you should have to travel 15-20 minutes just to see a movie.

Doug Norris
You have to go to Markham, Richmond Hill or Scarborough to see a movie. I think most people would like to have one close by.

Rita Wickham
There are lots of activities, sports, and entertainment in the area. I don't think a movie theatre would provide entertainment for those who are not sports fans.
