

John Deere 300 Series Tractors

By features they're 'big.'
By price they're 'buys'

Our 300 Series models come in lower priced than our top-line 400 Series. But in features, the 300s are only a half-step short of top-of-the-line themselves.

The 300s also have such features as hydrostatic drive, front hydraulic outlets and heavy-duty components. And more.

Ask about the 18-hp gasoline 316, 318 and 322 or the 16-hp diesel 332.

Model 318 as low as
\$6,775.00
