

Appreciation

The following letter, addressed to Mayor Fran Sainsbury and Councillor Will Morley was received by Council at a meeting July 12. It was written over the signature of John and Joan Lorimer, Cam Fella Boulevard, Stouffville. Councillor Morley moved the correspondence be received "with thanks". It reads:

Dear Sir and Madam:
We are writing to express our appreciation for the considerable work that's been done on Lot 2 over the past few weeks.

Underground piping has been installed to fully remedy the major ponding.

No doubt there was major discussion and co-operation between the Town, its engineers and Revenue Properties in order that this solution was agreed upon. We appreciate the work over every decision-maker.

Also, a considerable amount of topsoil has been placed in our backyard to overcome the major ponding problem, after which the yard was reseeded.

This work, that proved costly, was performed by Brock Landscaping. The owner, Mr. Brock, was very co-operative with us, spending a considerable amount of time discussing the problem and the solution. We trust this

work will resolve our major ponding problem.

A gentleman from Revenue by the name of 'Joe' was very helpful. A retired construction superintendent, he is a man with experience and a good communicator. He was genuinely interested in resolving the problem.

Human nature being what it is, we naturally tend to communicate problems more readily than communicate satisfaction. It's hoped this letter will balance this tendency.

Sincerely,

John and Joan Lorimer,
164 Cam Fella Blvd.,
Stouffville
