

Volleyball team is off to flying start

By BRUCE STAPLEY
The Stouffville District Secondary School Spartans senior volleyball team rolled over the competition in two league matches last week, but their inability to finish off their opponents cost them in a weekend tournament.

The SDSS squad, the defending York Region champions, beat Huron Heights in two straight games 15-7 and 15-3, and wiped out King City 15-2 and 15-4 as they hosted their first season matches on Monday.

The Spartans then took on Lester B. Pearson Collegiate in Scarborough on Wednesday, sweeping a best of five set 15-6, 15-12 and 15-11.

Colin McLean was outstanding

from his middle hitter position, while Karsten Henze and Wally Barber were setting well in all contests. Power hitters Don Clearwater and Guy Cowan were on top of their game as well.

But the Stouffville outfit had to settle for also-ran status in the 13th annual York University Yeoman Volleyball Classic on the weekend, despite having their opponents on the ropes on several occasions.

Split games
Leading off against last year's All Ontario finalists from Centre Hastings S.S., the Spartans split the first two games and were ahead 12-3 in the rubber match. But they couldn't close up, and

ended up bowing 15-13. They came back to down Mary Ward S.S. of Toronto 15-8 and 15-4. But against York Mills, they lost a tough three-game match-up, despite the fact that they took the first game and were leading in the second and third contests.

The Spartans then lost two straight to Eastwood, another top-ranked squad, before bowing to Chatham in the quarter finals for the consolation award.

The Chatham team won the All Ontario 'A' division title in 1987, and Spartans coach Jim Fletcher was pleased with his club's effort against them.

"We were winning 14-11 but we finally lost 17-15," he said. "But we played well against them."

Fletcher, who knew his team was in deep at the York Tournament, was thankful for the experience and believed that, with a little luck, his boys could have made it interesting.

Learning experience
"I was a little disappointed in that, with a few breaks, we could have got a few more games in. But if we keep a positive attitude, we can continue to improve," said Fletcher. "The tournament was a good learning experience for us. I think we have a legitimate shot at the All Ontario Championship."

Particularly impressive for Stouffville in tourney action were Clearwater, Barber, Scott

Evans, Steve Head and John Hall.

"Don was hustling all over the floor and he made some unbelievable digs," said Fletcher. "Scott is really starting to

crank the ball from his middle hitter spot. Wally was hitting consistently from the weak side. Steve was strong at the net, and John hit well late in the tournament."

COOLING SYSTEM DRAIN, FLUSH & REFILL

Engine coolant may become rusty and discoloured when used beyond the time/mileage intervals specified. This condition is an indication that the inhibitors in the coolant have become ineffective. This will result in Heater and/or Radiator corrosion as well as Frost Plugs and Headgaskets deterioration. Any time the coolant has an obvious rusty appearance it should be drained, flushed and refilled with a new coolant that meets GM specifications. Drain, flush and refill your cooling system every 2 years. Parts & Labour - Up to 8 litres of anti-freeze. All GM cars. We use only GM Parts for cars on all Specials.
